

Absorbent Socks

Oil specific

These oil specific polypropylene booms can be used one at a time or they can be tied or clipped together to form any length required for containing and absorbing oil spills on land or water. For added convenience **ABSORBENT SOCKS** are designed to be virtually lint free on water. These are great to keep on hand for spills and unexpected accidents. Available in four and six foot lengths.

Directions: Place socks around oil to be picked up, or use as a protective barrier to keep oil or other spilled liquids from flowing into other areas or running down storm drains.

Areas of Use:

- *maintenance shops
- *shipyards
- *municipalities
- *water treatment facilities
- *vehicle garages
- *plumbing shops
- *spill kits
