

Always Shine Wipes

Stainless Steel Cleaner & Polish

ALWAYS SHINE WIPES quickly remove heavy soils, watermarks, spot marks, fingerprints, grease and film. Works on stainless steel, chrome, brass, copper, formica, aluminum, ceramic and porcelain.

ALWAYS SHINE WIPES requires minimal effort to remove soil and smudges, while leaving behind a protective barrier that resists rusting and water marks. Use on brass and copper to provide a moisture barrier that will help reduce tarnishing and the need to polish often.

Directions: Use abrasive side of towel to scrub and instantly clean affected areas. Scrub surface with abrasive side of towel until stains and deposits disappear. Use the smooth side to wipe the surface to clean and polish. For a higher gloss polish surface with clean, dry cloth.

Areas of Use:

- *bathrooms
- *drinking fountains
- *food processing equipment
- *elevators
- *laundry equipment
- *kitchens
- *restaurants

Health	1
