

Hydro Citra Foam

**Multi-surface cleaner,
degreaser and
stain remover**

Using the power of hydrogen peroxide and the awesome cleaning ability of d-Limonene, **HYDRO CITRA FOAM** is definitely the next generation in cleaning products! There are many "oxygen-based" cleaners on the market these days, but **HYDRO CITRA FOAM** is different. **HYDRO CITRA FOAM** is specifically formulated at a higher pH than other cleaners. Since hydrogen peroxide is more active at a higher pH **HYDRO CITRA FOAM** has more powerful cleaning and stain removing properties than other products on the market. This formulation can be used on a multitude of surfaces including glass, upholstery, metals, carpet, stainless steel, tile, countertops, fabric, plastic, floors, walls and much more. **HYDRO CITRA FOAM** will even remove red wine and other difficult stains from most carpets without expensive and often labor intensive heat transfer methods.

Directions: Just spray on soil and wipe off. For light cleaning **HYDRO CITRA FOAM** may be diluted with water up to 10 to 1.

Areas of Use:

- *sinks
- *concrete
- *stoves, hoods & grills
- *apartment complexes
- *cities and counties
- *custodial departments
- *school districts
- *vehicle maintenance garages
- *industrial companies
- *janitorial services
- *shopping malls
- *restaurants
