

Lift Out

Removes tough stains
from concrete

LIFT OUT is a heavy duty emulsifier and degreaser that removes heavy soils and stains, old paint, decals, adhesives, inks, and waxes from many surfaces. **LIFT-OUT** is also a very effective graffiti remover that is powerful enough to remove graffiti from most surfaces with little effort, even works to lift tough graffiti marks out of concrete and brick surfaces for easy removal. **LIFT-OUT** works quickly by penetrating deeply into soils, grease, paints, and oil to lift them from most surfaces (not recommended on plastics). Removes rubber tire marks, oil, grease, black scuff marks, and graffiti marks easily. **LIFT-OUT** is a very aggressive cleaner with extra solvency so that it is powerful enough to remove curing compounds and other foreign matter, printing inks, and hot melt glues from floors, machinery and other non-plastic surfaces.

Directions: UNSEALED CONCRETE AND GRAFFITI: Apply **LIFT-OUT** liberally, diluted 8:1, with mop or low pressure sprayer. Allow to stand for up to 5 minutes depending on severity of soil. Agitate with brush or floor machine to completely loosen heavy deposits. Flush with water to rinse. SEALED CONCRETE FLOORS: A test application on a small area is recommended prior to use. Dilute **LIFT-OUT** 20 or 30 to 1 with water and apply with a mop, agitating solution often to avoid separation in water. PRINTING PRESSES & ROLLERS: Dilute 5:1 and wipe on. Allow to set, then agitate as needed and rinse.

Health	1
Flammability	1
Reactivity	0
Protection	B

Areas of Use:

- *gas stations
- *warehouses
- *printing plants
- *factories
- *parking garages
- *cities & counties
- *graffiti abatement crews
- *school districts
- *industrial applications
- *packaging plants
- *sign shops/adhesives

Appearance and odor.....	Clear liquid, Hydrocarbon odor
Specific Gravity.....	Concentrate - 1.04
VOC.....	98%
NFPA Fire Rating.....	Flammable
