

Pan Kleen Gel Tab

Up to 15 Ton Units

Condensate Pan Gel Tablets

Pan Kleen Gel Tab, the new technology breakthrough for treating A/C drain lines and pans. **Pan Kleen Gel Tab** is easy to use - just place a gel tab in the pan and as moisture drips on or flows over the tab, it activates the chemicals that lock the tab to the drain pan. When **Pan Kleen Gel Tab** locks into place, it will never move and/or block the drain line. **Pan Kleen Gel Tab** then forms a gel that slowly releases the active ingredients, producing up to 6 months of safe, positive prolong cleaning action.

Directions: One **Pan Kleen Gel Tab** lasts for an entire cooling season. Place **Pan Kleen Gel Tab** in the condensate pan and position so that condensing moisture drips on or runs over it, locking the **Pan Kleen Gel Tab** into place and slowly releasing its chemical formula for a positive prolong cleaning action. For large systems use an additional **Pan Kleen Gel Tab**.

Areas of Use:

- * Commerical Refrigeration
- * Walk-in Coolers
- * Refrigerated Cases
- * Large Central Air-Conditioners
- * Room Units
- * Thru the Wall Units
- * Cold Room Coils

Health	1
Flammability	0
Reactivity	0
Protection	N/A
