

Bio Blocks

Enzyme Block with Net

BIO BLOCK is a concentrated enzyme blended block which contains a synergized blend of eight bacterial strains along with buffers, surfactant and stabilized enzymes to enhance degradation capabilities of heavy organic deposits. **BIO BLOCK** is designed to attack waste treatment problems resulting from heavy deposits of difficult to non-biodegradable compounds such as unprocessed greases, surfactants, cellulose, hydrocarbons and phenols and is ideal for use in many applications. Releases bacteria into the water flow reducing grease and scum. **Available in 5lb, 10lb and 30 lb block.**

Directions: **BIO BLOCK** is a solid dissolvable block with a mesh bag. To use, simply lower the mesh bag and block into the water and secure tie and rope. When the block is gone, the mesh bag is easily removed and replaced.

Health	1
Flammability	0
Reactivity	0
Protection	E

Areas of Use:

- * Industrial Grease Trap/Drain Line
- * Industrial Waste Water Treatment
- * Pond Treatments
- * Septic System Rejuvenation
- * Farm Manure Pits & Lagoons
- * Waste Treatment Lagoons and Basins

Appearance and odor.....	Pink block with essence
Specific Gravity.....	N/A
VOC.....	N/
NFPA Fire Rating.....	Non-Flammable
