

Material Safety Data Sheet

May be used to Comply with OSHA's Hazard Communication Standard, 29 CFR 1910.1200. Standard must be Consulted for specific requirements

HMIS

HEALTH	1	REACTIVITY	0
FLAMMABILITY	2	PERSONAL PROTECTION	-

Identity (As Used On Label and List) G3014/ Q2022 Natural Way	Date Prepared 10-03-2012
---	-----------------------------

Section I

Manufactured for: OMEGA INDUSTRIAL SUPPLY, INC	Emergency Telephone Number: 1-800-424-9300
Address (Number, Street, City, State, and Zip Code) 101 Grobric Ct #1 Fairfield, CA 94534	Telephone Number for Information: 1-800-571-7347
	Signature of Prepare (Optional) REGULATORY DEPT.

Section II – Hazardous Ingredients / Identity Information

Components (Specific Chemical Identity, Common Name(s))	CAS No.	OSHA PEL	ACGIH-TLV	%(Wt.)
None				

This product is not known to contain any compounds listed and in quantities requiring reporting under SARA Title III Section 313.

Section III - Physical Chemical Characteristics

Boiling Point	325°F	Specific Gravity (H ₂ O = 1) Concentrate	0.858
Vapor Pressure (mm/hg)	N/A	Melting Point	—
Vapor Density (Air=1)	Comp. to water (heavier)	Evaporation Rate (Butyl Acetate = 1)	Comp. to water (slower)
Solubility in Water	Dispersible (forms emulsion)	Weight/Gallon (H ₂ O = 8.33#)	7.15#
Appearance and Odor— Clear, light orange liquid with citrus orange odor		% Volatile by Volume	90%

Section IV – Fire and Explosion Hazard Data

Flash Point (Method)	As is: > 130°F At 4:1 dilution >190°F (TCC)	Flammable Limits	LEL	7.0	UEL	6.1
Extinguishing Media – Dry chemical, foam, gas (CO ₂ ,halon) water fog	Unusual Fire and Explosion Hazards – Keep away from heat, sparks, and open flame. Thermal decomposition or burning may produce carbon monoxide.					

Special Fire Fighting Procedures – Protective clothing & NIOSH/MSHA pressure, demand self-contained breathing apparatus. Unopened containers should be kept cool with water spray or removed from the fire area if possible and kept cool.

Section V – Reactivity Data

Stability: Unstable <input type="checkbox"/> Stable <input checked="" type="checkbox"/>	Conditions to Avoid – Extreme heat, contact with open flame, hot surfaces, sparks, etc	Hazardous Polymerization: May Occur <input type="checkbox"/> Will Not Occur <input checked="" type="checkbox"/>
---	--	---

Incompatibility (Materials to Avoid) – Do not mix with other chemicals, including strong oxidizing agents.

Hazardous Decomposition or Byproducts – May produce carbon monoxide upon decomposition at high temperatures.

Section VI – Health Hazard Data

Health Hazards (Acute and Chronic) –

Acute: Can cause skin and eye irritation. Dermatitis through defatting of skin. May cause conjunctivitis of the eye. Harmful if swallowed.

Chronic: Prolonged excessive inhalation of vapors can cause eye, nasal and respiratory tract irritation.

Emergency and First Aid Procedures.

Eyes—Immediately flush thoroughly with plenty of water for at least 15 minutes, keeping lids apart. Get medical attention.

Skin—Wash with plenty soap and water, if irritation persists, seek medical attention. Remove clothing if contaminated.

Inhalation—Remove to fresh air. If breathing is difficult, give oxygen. If stopped give artificial respiration get immediate medical attention.

Ingestion—DO NOT induce vomiting. If conscious, give large quantity of water. Get immediate medical attention from physician or hospital.

Section VII – Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled.

Contain the spill. Wear eye and skin protection and ensure adequate ventilation absorb with floor absorbent, sand, dirt, etc. Place in closed container rinse area thoroughly with water.

Waste Disposal Method – Dispose of according to local regulation for hazardous waste.

Precautions to be Taken in Handling and Storing –.

Store in a cool area. Do not get on skin, eyes, or clothing. Keep container tightly closed. Use with adequate ventilation. If spilled on clothing. Remove clothing and flush off exposed skin with soap and water. Avoid breathing vapors. Do not take internally. Use proper protective equipment.

Section VIII – Control Measures

Respiratory Protection (Specify Type) – None required if adequate ventilation. If high concentrations, use NIOSH/MSHA approved respirator for organic vapor.	Ventilation – Local exhaust adequate.	
Protective Gloves – Solvent resistant gloves	Eye Protection – Safety glasses, goggles, or full face	Other protective Clothing or Equipment – Solvent resistant apron, clothing, boots

Work/Hygienic Practices – Observe good hygiene. Wash hands thoroughly after product use, eating, drinking, and using restrooms, etc.
