

Material Safety Data Sheet

May be used to Comply with OSHA's Hazard Communication Standard, 29 CFR 1910.1200(q). Standard must be Consulted for specific requirements

Note: Blank spaces are not permitted. If any item is not applicable, or no information is available, the space must be marked to indicate that

| | |
|--|-----------------------------------|
| Identity (As Used On Label and List) A1232 Scent Appeal Apple | Date Prepared: 07-14-11 |
|--|-----------------------------------|

Section 1 ~ Identification

| | |
|--|--|
| Manufactured for: OMEGA INDUSTRIAL SUPPLY, INC | Emergency Telephone Number: 1-800-424-9300 |
| Address (Number, Street, City, State, and Zip Code) 101 Grobric Ct #1 Fairfield, CA 94534 | Telephone Number for Information: 1-800-571-7347 Signature of Prepare (Optional) REGULATORY DEPT. |

Section 2 ~ Composition/Information on Ingredients

| Components (Specific Chemical Identity, Common Name(s)) | CAS No. | OSHA PEL | ACGIH-TLV | %(Wt.) |
|--|------------|----------|-----------|--------|
| Isoparafinic Hydrocarbon | 64742-47-8 | 400 ppm | 400 ppm | |
| Propane/N-Butane | 68476-86-8 | N/A | 1000 ppm | |

Section 3 ~ Hazard(s) Identification

Emergency Overview: Aerosol under pressure do not expose to high temperatures 120°F or store in direct sunlight.

Route(s) of Entry: Skin, eyes, ingestion, inhalation.

Eyes— May cause irritation.

Skin— May cause slight irritation, possible dryness with prolonged contact. Low hazard by this route.

Inhalation— No hazards under normal use due to its low volatility. If vapor is present in high concentrations, irritation to upper respiratory tract may occur.

Ingestion— May cause gastric discomfort and nausea. No hazard by this route in normal use.

Health Hazards (Acute & Chronic): None known.

Medical Conditions Generally Aggravated by Exposure: None known.

| | | | | | | |
|-------------------------|-------------|----|-------------------------|----|------------------------|----|
| Carcinogenicity: | NTP? | No | IARC Monographs? | No | OSHA Regulated? | No |
|-------------------------|-------------|----|-------------------------|----|------------------------|----|

Section 4 ~ First Aid Measures

Eyes— Flush with water for 15 minutes. Contact physician if irritation persists.

Skin— Wash with soap and water for 15 minutes. If irritation develops seek medical attention.

Inhalation— Move to fresh air. If not breathing administer artificial respiration.

Ingestion— Do not induce vomiting. Rinse mouth and 1 – 2 glasses of water if conscious and alert. Contact physician.

Section 5 ~ Fire Fighting Measures

| | | | | | | |
|----------------------------------|---------|---------------------------------------|------------|-----|------------|-----|
| Flash Point (Method Used) | > 200°F | Flammable Limits (% by Volume) | LEL | N/A | UEL | N/A |
|----------------------------------|---------|---------------------------------------|------------|-----|------------|-----|

Extinguishing Media – Water, foam, carbon dioxide, dry chemical. Cool fire exposed containers with water fog.

Special Fire Fighting Procedures – Use full protective gear including self-contained breathing apparatus.

Unusual Fire and Explosion Hazards – Contents under pressure, exposure to high temperatures above 120°F can cause bursting.

Section 6 ~ Accidental Release Measures

Steps to be Taken in Case Material is Released or Spilled.

Stop leak if you can do so without risk. Move the cylinder/can to a safe and open area if the leak is irreparable. Stop the flow of material, if this is without risk. Use a non-combustible material like vermiculite, sand or earth to soak up the product and place into a container for later disposal. Prevent spill from entering sewers, storm drains, and natural waterways. Small Spills: wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Section 7 ~ Handling and Storage

Precautions to be Taken in Handling and Storing –

Store in a cool dry area. Do not use or store near heat or open flame. Exposure to temperatures above 120°F may cause bursting. Do not puncture or incinerate container. Do not reuse empty containers. Wrap container and place in trash collection.

OTHER PRECAUTION: Keep out of reach of children.

Section 8 ~ Exposure Controls/Personal Protection

Respiratory Protection (Specify Type) –

Not required under normal use. If exposure levels are exceeded then organic vapor cartridge respirator or SCBA may be needed.

| | | | |
|--|--|--|--|
| Ventilation | Ambient ventilation suitable, forced ventilation should not be required. | | |
| Skin Protection – No gloves needed but may wear gloves if desired. | Eye Protection – Safety glasses always recommended when using chemicals. | Other protective Clothing or Equipment – N/A | |

Section 9 ~ Physical Chemical Properties

| | | | |
|----------------------|---------|---|------|
| Boiling Point | > 212°F | Specific Gravity (H₂O = 1) Concentrate | 0.98 |
|----------------------|---------|---|------|

| | | | |
|---|------|--------------------------------------|------------|
| Vapor Pressure (mm/hg) @ 77°F | 17.5 | Melting Point | Not tested |
| Vapor Density (Air=1) @ 77°F | > 1 | Evaporation Rate (Butyl Acetate = 1) | < 1 |
| Solubility in Water | 63% | pH as supplied | 6.5 |
| Appearance and Odor— White liquid with green apple odor. | | VOC% | 25% |

Section 10 ~ Stability and Reactivity

| | | |
|---|---|---|
| Stability: Unstable <input type="checkbox"/> Stable <input checked="" type="checkbox"/> | Conditions to Avoid – Temperatures above 120°F | Hazardous Polymerization: May Occur <input type="checkbox"/> Will Not Occur <input checked="" type="checkbox"/> |
| Incompatibility (Materials to Avoid) – Strong oxidizers, alkalis, acids. | | Hazardous Decomposition or Byproducts – Oxide of carbon. |

Section 11 ~ Toxicological Information

Isoparaffinic Hydrocarbon – 64742-47-8: Oral rat LD50: 5 g/kg; Skin rabbit LD50: 2 g/kg; Inhalation rat LC50: 5 mg/L (4-hr).

Section 12 ~ Ecological Information

Isoparaffinic Hydrocarbon – 64742-47-8: Ecotoxicity – Not expected to be harmful to aquatic organisms. Not expected to demonstrate chronic toxicity to aquatic organisms. Biodegradation: Expected to be readily biodegradable. Hydrolysis: Transformation due to hydrolysis not expected to be significant. Photolysis: Transformation due to photolysis not expected to be significant. Atmospheric Oxidation: Expected to degrade rapidly in air.

Section 13 ~ Disposal Considerations

Waste Disposal Method — Dispose in accordance with local, State, and Federal laws. Do not reuse, puncture, or incinerate container. Wrap container and place in trash collection. Consult local authorities for disposal in public sewer. Do not dispose of into storm drain, stream, river or to ground.

RCRA STATUS: Waste likely considered Non-hazardous under RCRA, however product should be fully characterized prior to disposal (40 CFR 261).

Section 14 ~ Transport Information

| US Depart. of Transportation | | Water Transportation | | Air Transportation | |
|------------------------------|-------|--------------------------------|---|--------------------------------|---|
| Proper Shipping Name: | ORM-D | Proper Shipping Name: | Aerosols in Limited Quantities of Class 2 | Proper Shipping Name: | Aerosols in Limited Quantities of Class 2 |
| Hazard Class: | - | Primary Hazard Class/Division: | 2.2 | Primary Hazard Class/Division: | 2.2 |
| ID Number: | - | UN/NA Number: | 1950 | UN/NA Number: | 1950 |
| Packing Group: | - | Packing Group: | None | Packing Group: | None |
| Label Statement: | - | Label Statement: | - | Label Statement: | - |

Section 15 ~ Regulatory Information

U.S. Federal Regulation.

TSCA (Toxic Substance Control Act): All Chemicals are listed or exempt.

CERCLA (Comprehensive Response Compensation, and Liability Act):

SARA TITLE III (Superfund Amendments and Reauthorization Act): None

311/312 Hazard Categories: None

313 Reportable Ingredients: None

State Regulations: This product contains no known chemicals regulated by California's proposition 65.

International Regulations: Isoparaffinic Hydrocarbon – 64742-47-8: EINECS, Japan, Australia, WHMIS (Canada): DSCL (EEC), NDSL, Korea

Section 16 ~ Other Information

| | NFPA | HMIS | Key |
|--------------|------|------|-------------------------|
| HEALTH | 1 | 1 | 4= Severe |
| FLAMMABILITY | 1 | 1 | 3= Serious |
| REACTIVITY | 0 | 0 | 2= Moderate |
| OTHER | - | A | 1= Slight 0= Minimal |

DISCLAIMER: To the best of our knowledge, the information contained herein is accurate. However there is no assumption of any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazard which exists. The information contained in this MSDS was obtained from current and reliable sources; however, the data is provided without any warranty, expressed or implied, regarding its correctness or accuracy. Since the conditions or handling, storage and disposal of this product are beyond the control of the manufacturer, the manufacturer will not be responsible for loss, injury, or expense arising out of the products improper use. No warranty, expressed or inferred, regarding the product described in this MSDS shall be created or inferred by any statement in this MSDS. Various government agencies may have specific regulations regarding the transportation, handling, storage, use or disposal of this product which not be covered by this MSDS. The user is responsible for full compliance.
