

CLEAR LUBE A

Chain and Cable
Lubricant

CLEAR LUBE A is an aerosol chain and cable lubricating gel which penetrates and lubricates moving parts. This clear lubricant provides anti-wear and extreme pressure resistance while tacifiers prevent sling off. Specially formulated additives provide excellent adhesion properties and resistance to elevated temperature breakdown. **CLEAR LUBE A** forms a non-staining, rust protective coating. Great for use on material handling equipment, chain saws, conveyors, hoist chains and more. *USDA approved for use in federally inspected meat and poultry plants.*

DIRECTIONS:

Shake vigorously before each use. Spray liberally and allow to penetrate. Apply final cover coat.

Areas of Use:

- *Marine Equipment
- *Cities & Counties
- *Meat & Poultry Plants
- *Construction Machinery
- *Amusement Parks
