

FRESHEN UP BERRY

Deodorant Granuals

FRESHEN UP BERRY is a granulated solid that destroys malodors in the air by attacking it at the source. It is ready-to-use and is very cost-effective. Only a small amount of **FRESHEN UP BERRY** goes a long way, and still provides effective instant results. Further more, it can be used in many different applications and can be used indoors as well as outdoors, thus making it a truly versatile product. **FRESHEN UP BERRY** can be used with sweeping compound to freshen as you sweep, as an absorbent to pick up oil and other liquids, added to sand urns or placed in and around garbage receptacles to reduce odors. **FRESHEN UP BERRY** is a 100% natural corn cob base formula. The corn cob based formula of **FRESHEN UP BERRY** means no dust when you sprinkle, and it's better for environmentally sensitive situations.

Directions: Use canister to sprinkle granules over odor causing material. For best results, sprinkle lightly into empty refuse and garbage receptacles and add small amounts periodically to prevent obnoxious odors from getting started. Cigarette Urns: Use full strength or mix with sand or any other base material. Sweeping: Mix with dry sweeping compound. Sprinkle on floor and allow to stand a few minutes before sweeping in usual manner
