

G.T.S.

Glass Treatment Shield

G.T.S. will improve your visibility while driving in the rain, sleet, or snow. It repels rain, causing the water to bead and run off the glass while driving. It also leaves a protective coating that makes removal of tar, frost, ice, salt, mud and bugs easier. Each can contains 4 - 10 applications, depending on size of windshield.

DIRECTIONS: Use on exterior glass of vehicles. Spray on windshield wipers to condition and lengthen life of wipers. Shake can well and apply light coating on glass and wipe with a dry clean cloth. Buff off with a micro fiber cloth.

Do Not Use on Plastic. GLASS ONLY

Health	2
Flammability	3
Physical Hazard	0
Protection	-

Areas of Use:

- *Municipalities
- *Automotive Shops
- *Company Vehicles
- *School Districts
- *Farm Equipment
- *RV Windows

Appearance & Odor.....	Clear liquid with Alcohol odor.
VOC%	72.43055%
Net Wt.	6 oz.
