

Mark It

Inverted Tip Marking Paint

This municipal and utility inverted tip marking paint has an environmentally friendly, water based formula that is V.O.C. compliant. **MARK IT** is great in covering any old striping that is no longer needed. Contains higher solids content so it lasts longer between re-coating, saving you time and money in labor, while freeing time to do other things. **Available in all OSHA Colors: Blue, Fluorescent Orange, Yellow, Red, and White.**

Directions: Clean area to be marked with Omega's **MEGA POWER** or **MEGA CITRA FOAM** degreaser to make sure area is free of oil and grease residue. **1.)**For best results, use when can temperature is between 40°F and 90°F (4°C and 32°C). **2.)**Shake can at least one minute after rattle is heard and occasionally during use. **3.)**Invert can and hold 4 to 6 inches (10 to 15cm) above surface to be marked. Press sprayhead to the side to actuate. **4.)**If clogging develops, turn sprayhead 1/4 turn or remove and clean

sprayhead slot. **DO NOT** stick pin or other objects into can opening. With can and sprayhead pointed away from you, reinsert sprayhead with a gentle twisting motion. **5.)**To clear sprayhead for future use, turn can right side up and spray for 3 seconds. Completely empty cans may be recycled or disposed of with regular trash. Dispose of partially empty cans in a responsible manner. **DO NOT** incinerate or compact.
