

Section 1 ~ Identification

Identity (As Used On Label and List) Q2063/G3162 MEGA BAC MIXED BERRY	Date Prepared: 02-27-2018
Company Information: OMEGA INDUSTRIAL SUPPLY, INC	Emergency Telephone Number: 1-800-424-9300
Address (Number, Street, Suite/Apt#) 101 Grobric Ct #1	Telephone Number for Information: 1-800-571-7347
(City, State, and Zip Code) Fairfield, CA 94534	Signature of Prepare (Optional) REGULATORY DEPT.

Section 2 ~ Hazard(s) Identification

Hazard Designation	None
Emergency Overview	
Physical Appearance	White liquid, cherry fragrance.
Immediate Concerns	WARNING! Causes moderate to severe eye irritation.
Potential Health Effects	
Eyes	Causes irritation. Prolonged and repeated contact can cause redness and tearing.
Skin	May cause slight irritation in sensitive individuals.
Ingestion	No known significant effects or critical hazards.
Inhalation	No known acute effects of this product resulting from inhalation.
Acute Toxicity	No test data is available for acute dermal toxicity.
Mutagenicity	Not available
Carcinogenicity	Not Listed by NTP; Not listed by IARC; Not listed by OSHA
Reproductive Toxicity	Reproductive Effects: Not Available Teratogenic Effects: Not Available Medical Conditions Aggravated: None known Sensitization: Not Available
Target Organ Statement	Contains material which can cause gastrointestinal and respiratory tract effects based on animal data.
Comments	For detailed toxicological information see Section 11.

Section 3 ~ Composition/Information on Ingredients

Chemical Name	CAS No.	%(Wt.)
NONE		

Section 4 ~ First Aid Measures

Eyes: Check for and remove any contact lenses. Flush out immediately for at least 20 minutes with running water and seek medical attention. Washing eyes within one minute is essential to minimizing eye damage. Hold eyelids apart to ensure flushing of the entire surface.

Skin: Wash with water. If irritation persists, seek medical attention.

Ingestion: Never give anything to an unconscious person. If swallowed, do not induce vomiting unless directed by medical personnel. Give large quantities of water or milk. If vomiting occurs, keep airways clear. Seek medical attention.

Inhalation: Inhalation not likely under normal use conditions.

Section 5 ~ Fire Fighting Measures

Flammable Class: Nonflammable

Flame Propagation or Burning Rate of Solids: Not Applicable

General Hazard: Evacuate personnel downwind of fire to avoid inhalation of irritating and/or harmful fumes and smoke.

Extinguishing Media: Alcohol type foam, CO2 (Carbon Dioxide), Dry Chemical, Water Fog

Hazardous Combustion Products: None

Fire Fighting Procedures: This product is a nonflammable substance. Fire, however, may create hazardous decomposition and combustion products. Cool exposed containers with water spray to prevent overheating.

Fire Fighting Equipment: Firefighting personnel must use respiratory and eye protection. Use full protective equipment (Bunker Gear) and self-contained breathing apparatus (SCBA) for all indoor fires and any significant outdoor fires. SCBA may not be required for small outdoor fires easily extinguished with a portable fire extinguisher.

Sensitive to Static Discharge: None

Sensitivity to Impact: None

Section 6 ~ Accidental Release Measures

Small Spill: Wearing the appropriate personal protective equipment designated in Section 8, move the leaking container to a containment area or rotate the container so that the opening is above the powder level. Sweep up and place in a labeled waste container.

Large Spill: Construct temporary dikes of dirt, sand, or any appropriate readily available material to prevent spreading of the material. Wearing the appropriate personal protective equipment designated in Section 8, close or cap valves and/or block or plug hole in leaking container and transfer to another container. Contain material as described above and place in a labeled waste container.

Environmental Precautions

Water Spill: Use appropriate containment to avoid runoff or release to sewer or waterways.

Land Spill: Use appropriate containment to avoid runoff or release to ground.

General Procedures: Remove containers of strong acids from release area. Eliminate all ignition sources (no smoking, flares, sparks or flames in immediate area). Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Stop leak if you can do it without risk. Prevent entry into waterways, sewers, basements or confined areas. Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers. Do not get water inside containers.

Release Notes: If spill could potentially enter any waterway, including intermittent dry creeks, contact the local authorities. If in the U.S., contact the US COAST GUARD NATIONAL RESPONSE CENTER toll free number 800-424-8802.

In case of accident or road spill notify: INFOTRAC in USA or Canada at 800-535-5053 or internationally at (International code)+1-352-323-3500

Comments: See Section 13 for disposal information and Section 15 for regulatory requirements. Large and small spills may have a broad definition depending on the user's handling system. Therefore, the spill category must be defined at the point of release by technically qualified personnel.

Section 7 ~ Handling and Storage

Handling: Use appropriate personal protective equipment as specified in Section 8. Handle and use in a manner consistent with good industrial/manufacturing techniques and practices.

Storage: Store in unopened containers under cool and dry conditions. Do not store with, or close to acids.

Section 8 ~ Exposure Controls/Personal Protection

Engineering Controls: If dust, vapors, or mists are generated, provide local exhaust ventilation to control airborne levels below the exposure limit.

Personal Protective Equipment

Eyes and Face: Wear chemical splash goggles and face shield when eye and face contact is possible due to splashing or spraying of material.

Skin: Where contact is likely, wear neoprene chemical resistant gloves, a chemical suit, rubber boots, chemical safety goggles and a face shield.

Respiratory: Always wear NIOSH approved respiratory protective equipment when vapor or mists may exceed applicable concentration limits.

Work Hygienic Practices: Facilities storing or using this material should be equipped with an eyewash facility and a safety shower. Follow good personal hygiene practices.

Comments: ACGIH's Guide to Occupational Exposure Values don't list PEL's, TLV's or OEL's for this product or its ingredients.

Section 9 ~ Physical and Chemical Properties

Flash Point and Method: None (Cleveland Open Cup)
Flammability Limits (LEL/UEL): Not Available
Auto-Ignition Temperature: None
Physical State: Liquid
Odor: Cherry
Color: White
pH (As Is): 7.5

Vapor Pressure: Not Available
Vapor Density: Not Available
Boiling Point: 220°F
Freezing Point: Not Available
Melting Point: Not Applicable
Solubility in Water: Complete

Evaporation Rate: 1.0
Density: Not Available
Specific Gravity: 1.008
Viscosity: @ 25°C – 10 cps
Decomposition Temperature: Not Available
Coefficient Oil/Water: Not Available

Section 10 ~ Stability and Reactivity

Stable: Yes
Hazardous Polymerization: No
Polymerization: Will not occur
Stability: The product is stable under normal ambient conditions of temperature and pressure.

Conditions to Avoid: Heat, temperatures above 200°C.
Hazardous Decomposition Products: None
Incompatible Materials: Strong Acids

Section 11 ~ Toxicological Information

Acute
Eyes: Not Available
DERMAL LD50: Not Available
Oral LD50: Not Available
Inhalation LC50: Not Available
Eye Effects: None.
Skin Effects: None.
Target Organs: Eyes, skin

Carcinogenicity
IARC: Listed by IARC - No
NTP: Listed by NTP - No
OSHA: Listed by OSHA - No
Sensitization: Not Available
Reproductive Effects: Not Available
Teratogenic Effects: Not Available
Mutagenicity: Not Available

Section 12 ~ Ecological Information

Environmental Data: May cause adverse environmental impact if material reaches waterways.
Ecotoxicological Information: Not Available
Distribution: Not Available
Chemical Fate Information: Not Available

Section 13 ~ Disposal Considerations

Disposal Method: Dispose of waste at an appropriate waste disposal facility according to current applicable laws and regulations.
For Large Spills: Contain material and call local authorities for emergency assistance. In consultation with the appropriate authorities, determine the disposal method or contact Omega Industrial Supply, Inc.
Product Disposal: Dispose of at a supervised incineration facility or an appropriate waste disposal facility according to current applicable laws and regulations and product characteristics at time of disposal.
Empty Container: Rinse drums with water before disposal or reuse in accordance with applicable regulations.
General Comments: Refer to Section 6, Accidental Release Measures for additional information.

Section 14 ~ Transport Information

Road and Rail (ADR/RID): Non-regulated.
Kemler Number: None
Hazard Class: Non-regulated.

Air (ICAO/IATA)
Shipping Name: Non-regulated.
Technical Name: Mixture
UN/NA Number: Non-regulated.
Primary Hazard Class/Division: Non-regulated.
Packing Group: Non-regulated.
Label: Non-regulated.
Remarks: None.

Vessel (IMO/IMDG)
Shipping Name: Non-regulated.
Technical Name: Mixture
UN/NA Number: Non-regulated.
IMDG Class/Division: Non-regulated.
Packing Group: Non-regulated.
Label: Non-regulated.
Marine Pollutant: No
EMS Number: Non-regulated.
Remarks: Limited quantity

Section 15 ~ Regulatory Information

European Community
EEC Label Symbol and Classification
S36/39: Wear suitable protective clothing and eye/face protection.
S24/25: Avoid contact with skin or eyes.
S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
S28: After contact with skin, wash immediately with plenty of soap and water.
European Community Regulatory: All intentional ingredients are listed on the European's EINECS Inventory.

Section 16 ~ Other Information

	NFPA	HMIS	Key
HEALTH	0	0	4= Severe
FLAMMABILITY	0	0	3= Serious
REACTIVITY	0	0	2= Moderate
OTHER/PROTECTION	-	-	1= Slight
			0= Minimal

Disclaimer: Omega Industrial Supply, Inc. Information given herein is offered in good faith as accurate, but without guarantee. Conditions of use and suitability of the product for particular uses are beyond our control; all risks of use of the product are therefore assumed by the user. Nothing is intended as a recommendation for uses which infringe valid patents or as extending license under valid patents. Appropriate warnings and safe handling procedures should be provided to handlers and users.
