

Section 1 ~ Identification

Identity (As Used On Label and List) B4090/B4104 ODOR OUT (1lb, 4lbs)	Date Prepared: 01-01-2018
Company Information: OMEGA INDUSTRIAL SUPPLY, INC	Emergency Telephone Number: 1-800-424-9300
Address (Number, Street, Suite/Apt#) 101 Grobric Ct #1	Telephone Number for Information: 1-800-571-7347
(City, State, and Zip Code) Fairfield, CA 94534	Signature of Prepare (Optional) REGULATORY DEPT.

Section 2 ~ Hazard(s) Identification

GHS Classifications

Health	Classification (REGULATION (EDP No 1272-2008) Not a hazardous substance or mixture. Classification (67/548/EEC, 1999/45/EC)
Physical	Not a hazardous substance or mixture according to EC-directives 67-548-EEC or 1999/45/EC. Classification (REGULATION (EC) No 1272-2008) Not a hazardous substance or mixture. Classification (67/548/EEC, 1999/45/EC)
GHS Label	None
Signal Word	No Signal Word
Precautionary Statement	
Prevention	P103: Read label before use.
Response	P301+P312: IF SWALLOWED: Call a POISON CENTER or doctor if you feel unwell. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Storage	P102: Keep out of reach of children P233: Keep container tightly closed. P235+P410: Keep cool. Protect from sunlight.
Disposal	P501: Dispose of contents. All disposal practices must be in accordance with local, state, national and international regulations.
Potential Health Effects	EYES: Contact may cause eye irritation. SKIN: May cause mild skin irritation. Prolonged or repeated contact may dry the skin. Symptoms may include redness, burning, drying and cracking of skin, and skin burns. Passage of this material into the body through the skin is possible and may add to toxic effects from breathing or swallowing. INGESTION: Ingestion can cause gastro-intestinal distress.

Section 3 ~ Composition/Information on Ingredients

Hazardous Ingredients	CAS No.	Concentration Range (%)
Sodium Stearate	822-16-2	4 – 10
1,2-propanediol	57-55-6	4 – 10
Benzene, 1,1'-oxybis-, tetrapropylene derivs., sulfonated sodium salts	119345-04-9	2 – 5
Carbon	7440-44-0	1 – 5

Section 4 ~ First Aid Measures

Eyes: Rinse immediately, flush eyes with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Also flush under the eyelids. If irritation persists, consult a physician.

Skin: Wash with soap and water. Get medical attention if irritation develops or persists.

Ingestion: NEVER MAKE AN UNCONSCIOUS PERSON VOMIT OR DRINK FLUIDS! Rinse mouth thoroughly. Get medical attention if any discomfort continues.

Inhalation: Remove the victim into fresh air. Respiratory problems: consult a doctor/medical service.

Notes to Physician: Treat symptomatically.

Section 5 ~ Fire Fighting Measures

General Hazard: This product is Non Flammable.

Extinguishing Media: This product is not flammable. Use fire-extinguishing media appropriate for surrounding materials. Foam, carbon dioxide or dry powder.

Fire Fighting Procedures: In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode. Water spray may be used to keep fire exposed containers cool.

Fire Fighting Equipment: Respiratory and eye protection are required for firefighting personnel. Full protective equipment (Bunker Gear) and self-contained breathing apparatus (SCBA) should be used for all indoor fires and any significant outdoor fires. For small outdoor fires, which may easily be extinguished with a portable fire extinguisher, use of a SCBA may not be required.

Section 6 ~ Accidental Release Measures

Small Spill: Contain spilled material. Collect in suitable and properly labeled containers. Pick up excess with inert absorbent material. Keep away from drains and ground water.

Large Spill: Always employ the proper personal protective equipment. Stop leak if you can do so without risk. Prevent entry into waterways, sewers, basements or confined areas through the use of berms. Collect liquid with explosion proof pumps if possible. Absorb or cover with dry earth, sand, or other non-combustible material and transfer to containers. Fluorocarbon alcohol resistant foams may be applied to spill to diminish vapor and fire hazard.

Environmental Precautions

Water Spill: Depending on the size of the spill and the movement characteristics of the water into which it entered, consider use of booms, underflow or overflow dams. Diversion of the material is also an option. Mechanical skimmers, pads and other absorbent materials may be considered as well.

Land Spill: Scoop up and place in suitable containers for disposal.

General Procedures:

Solidified Product: Scoop up solids and place in suitable container for disposal.

Melted Product: Allow to solidify and treat as above.

Solution: Absorb in vermiculite, dry sand or earth and place in containers.

Special Protective Equipment: Gloves. Protective goggles. Large spills in enclosed spaces: Compressed air apparatus.

Section 7 ~ Handling and Storage

General Procedures: No special handling procedures are required. Wash thoroughly after handling. Remove contaminated clothing and wash before re use. Use with adequate ventilation.

Avoid contact with eyes, skin, and clothing. Avoid breathing spray or mist.

Handling: Wear personal protective equipment. Do not get in eyes.

Storage: Keep container closed to prevent drying out.

Section 8 ~ Exposure Controls/Personal Protection

OSHA HAZARDOUS COMPONENTS (29 CFR 1910.1200)							
Chemical Name	EXPOSURE LIMITS						
	OSHA PEL		ACGIH TLV		Supplier OEL		
	ppm	mg/m ³	ppm	mg/m ³	ppm	mg/m ³	
Benzene, 1,1'-oxybis-, tetrapropylene derivs., sulfonated sodium salts	TWA	NL	NL	NL	NL	NL	NL
	STEL	NL	NL	NL	NL	NL	NL

Engineering Controls: If vapor or mists are generated, provide local exhaust ventilation to prevent airborne exposure. All ventilation should be designed in accordance with OSHA standard. (29 CFR 1910.24)

Personal Protective Equipment

Eyes and Face: Wear chemical splash goggles and face shield when eye and face contact is possible due to splashing or spraying of material. Maintain eye wash fountain and quick-drench facilities in work area.

Skin: To prevent contact, wear impervious protective clothing such as neoprene or butyl rubber gloves, apron, boots or whole bodysuit as appropriate.

Respiratory: No special precautions are necessary under normal operating conditions.

If the exposure limit is exceeded and engineering controls are not feasible, a half-face organic vapor respirator may be worn for up to ten times the exposure limit or maximum use concentration specified by the respirator supplier or regulatory agency. A full-face organic vapor respirator may be employed for use in atmospheres that contain up to 50 times the exposure limit. For emergencies or instances where the exposure level are not known a positive-pressure, full-face piece, air supplied respirator should be employed.

Protective Clothing: Long sleeved clothing should always be considered when handling chemical substances

Work Hygienic Practices: Good personal hygiene practices should always be followed. Keep away from food, drink and animal feeding areas. When using, do not eat, drink or smoke. Hands and any other exposed area should be washed thoroughly with soap and water after contact. Regular laundering of contaminated clothing is essential to reduce indirect skin contact.

Other Use Precautions: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

Section 9 ~ Physical and Chemical Properties

Appearance: Gel like solid

Odor: Floral

Color: Blue

pH-value, conc: 6.0-7.0

Flash Point (°C) and METHOD: > 104°C TAG CC

Specific Gravity [Water=1]: 0.95-1.04

Soluble in Water: Partially soluble in water

Melting Point: ~48°C

Section 10 ~ Stability and Reactivity

Chemical Stability: Stable under recommended storage conditions.

Hazardous Polymerization: Hazardous polymerization does not occur.

Hazardous Decomposition Products: Carbon monoxide, carbon dioxide.

Chemical Incompatibilities: Strong Oxidizers.

Section 11 ~ Toxicological Information

ACUTE

Oral LD: >2000 mg/kg (Rat)

Inhalation LC: Odor absorbent will not require labeling with risk phrase "R22", in accordance with commission Directive 93/21/EEC.

Irritation: May be irritating to eyes and skin

Section 12 ~ Ecological Information

Ecotoxicological Information: This product has no known eco-toxicological effects.

Distribution: None known

Section 13 ~ Disposal Considerations

Disposal Method: Disposal must comply with federal, state, and local disposal or discharge laws.

Product Disposal: Collect in appropriate containers. Waste from residues / unused products: Waste disposal must be in accordance with appropriate US, Federal, State and International regulations.

Disposal Regulatory Requirements: Dispose of in compliance with all applicable regulations.

Container Cleaning and Disposal: Dispose of in compliance with all applicable regulations

Section 14 ~ Transportation Information

DOT Transportation Data (49 CFR 172.101)

DOT Shipping Name: N/A

Shipping Symbols: None

Hazard Class: None

ID No.: None

Packing Group: None

Label: None

Packing Authorizations:

a) Exceptions: N/A

b) Non-bulk Packaging: N/A

c) Bulk Packaging: N/A

Quantity Limitations

a) Passenger, Aircraft, or Railcar: None

b) Cargo Aircraft only: None

Vessel Stowage Requirements

a) Vessel Stowage: None

b) Other: None

Section 15 ~ Regulatory Information

EPA Regulations: None

OSHA Regulations: None

State Regulations: None known, may vary from state to state

Classification Packaging/ Labeling: Directive 92/32/EC

Hazard Symbol: Xi, irritant

N, dangerous to the environment

Risk Phrases: R43, May cause sensitization by skin contact

Environment: R50/53, Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

Safety Phrases: S24, Avoid contact with skin

S37, Wear suitable gloves

S61, Avoid release to the environment. Refer to special instructions/safety data sheet.

Contains:

Galaxolide	<0.0105%
Coumarin	0.0095-0.019%
Hexyl Cinnamic Aldehyde	0.0095-0.019%
Citonellol	0.0095-0.019%
Geraniol	0.0095-0.019%
Lilial	0.001-0.002%

Section 16 ~ Other Information

Disclaimer: Omega Industrial Supply, Inc. cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product, may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge and experience currently available. The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
