

ODOR OUT

Activated Charcoal Odor Remover

ODOR OUT is a highly effective way to clean the air and remove especially tough odors from fire, smoke, flood damage, cooking and pet odors, sewage and more. **ODOR OUT** uses activated charcoal to refresh stale air and remove odors without heavy perfumes or scents. **ODOR OUT** provides continuous odor control and can be used just about anywhere. Great for use in areas where odor removal is needed but no scent is desired.

Directions: Uncap. Place container in air conditioner, near cold air return of furnace, in lavatories and portable toilets, or on counters, shelves and tables. Replace lid securely when not in use.

Areas of Use:

- *Hotels
- *Schools
- *Cities & Counties
