

Paint Pens

Industrial Strength Paint Pens

These medium point **PAINT PENS** are industrial strength with excellent adhesion and coverage. Forget the guessing game and use to mark pipes, equipment, property and more with ID codes, names or any other identifying marks! These durable and permanent pens are easier to control and avoids the "blob" problem often seen using a brush. Quick coverage, easy to use and durable enough for outdoor use. Can be used on metal, wood, glass, plastic and many other surfaces. **Available in Black, Red, White, and Yellow.**

Directions: Shake well before removing cap. Press tip down until saturated. Replace cap after use. Store flat.
