

Seek The Leak

Leak Detector

SEEK THE LEAK's advanced sensitive solution is formulated to pinpoint even the smallest of leaks. Suspends dirt so the particles will not drastically reduce the sensitivity of **SEEK THE LEAK**. The unique formula allows **SEEK THE LEAK** to cling to pipes for extended periods of time. Excellent for locating refrigeration leaks in any refrigeration system, air conditioners, refrigeration units, walk in coolers, window units, refrigerators, etc. It can also be used to locate nitrogen and natural gas leaks. **SEEK THE LEAK** is biodegradable, non-toxic and non-corrosive, easy to use, and oxygen safe.

Directions: Spray or swab product to thoroughly coat surfaces to be checked. Visually inspect for bubbles. Micro leaks will produce a cluster of small bubbles. All surfaces previously coated can be rechecked by wetting areas with water. Turn on system for 5-10 minutes, then visually inspect for vibration leaks.
