

Section 1 ~ Identification

Identity (As Used On Label and List) B5170 SOAK IT UP	Date Prepared: 05-29-2015
Company Information: OMEGA INDUSTRIAL SUPPLY, INC	Emergency Telephone Number: 1-800-424-9300
Address (Number, Street, Suite/Apt#) 101 Grobric Ct #1	Telephone Number for Information: 1-800-571-7347
(City, State, and Zip Code) Fairfield, CA 94534	Signature of Prepare (Optional) REGULATORY DEPT.

Section 2 ~ Hazard(s) Identification

Product Use:	Absorbent
Restrictions on Use:	This product is a cellulose based material which will burn under fire conditions.
GHS Classifications	
Health	Not Hazardous
Environmental	Not Hazardous
Physical	Not Hazardous
GHS Labeling	
Pictogram	None
Precautionary Statement	
Prevention	None required.
Response	None required.
Storage	Store in a dry area.
Disposal	P501 Dispose of contents/container in accordance with all local and national regulations.

Section 3 ~ Composition/Information on Ingredients

Hazardous Ingredients	CAS No.	Concentration Range (%)
Polypropylene	9003-07-0	100%

Section 4 ~ First Aid Measures

Inhalation: This is an unlikely route of exposure to this material. If irritation occurs, have the person move to fresh air.

Skin Contact: No first aid should be needed.

Eye Contact: Immediately flush eyes with cool running water, lifting upper and lower lids. If irritation persists or for foreign body in the eye, get medical attention.

Ingestion: If used material is ingested, get medical attention due to possibility of chemical contamination. If large amount of unused material is swallowed, get immediate medical attention.

Most Important Symptoms and Effects, Both Acute and Delayed: Eye contact may cause mechanical irritation and possible eye injury.

Indication of any Immediate Medical Attention and Special Treatment Needed: No immediate medical attention is required.

Section 5 ~ Fire Fighting Measures

Suitable Extinguishing Media: For unused material - use water spray, carbon dioxide, universal foam, or dry chemical. For used material - treat according to absorbed material, except where contraindicated above.

Specific Hazards Arising from the Chemical: Oxides of carbon.

Special Protective Equipment and Precautions for Fire-fighters: Firefighters should always wear self-contained breathing apparatus and full protective clothing for fires involving chemicals or in confined spaces.

Section 6 ~ Accidental Release Measures

Personal Precautions, Protective Equipment, and Emergency Procedures: No special equipment is generally required for spill clean-up. For dusty conditions, an approved respirator may be needed. Refer to Section 8 for additional information.

Environmental Hazards: Report releases as required by local and federal regulations.

Methods and Materials for Containment and Cleaning Up: Pick up large pieces. Vacuum dusts. If sweeping is necessary, use a dust suppressant such as water. Do no dry sweep dust accumulation. If a water spill occurs, skim material from surface and advise authorities if floating material enters a watercourse or sewer. For land spills: eliminate sources of ignition; recover spilled material and place in suitable containers for recycle or disposal.

Section 7 ~ Handling and Storage

Precautions for Safe Handling: None for unused product.

Conditions for Safe Storage, including any Incompatibilities: Keep product away from excessive heat, sparks, flames and all sources of ignition.

Section 8 ~ Exposure Controls/Personal Protection

Exposure limit(s)	Exposure limit(s)
Chemical Name	
Polypropylene	None established
Appropriate Engineering Controls:	General ventilation is adequate for normal use. If handling produces airborne dust, local exhaust ventilation may be needed.
Personal Protective Equipment	
Eye Protection:	Safety glasses or goggles if needed to prevent eye contact.
Skin Protection:	None required for normal use.
Respiratory Protection:	None required for normal use. For operations where the dust concentration may be excessive, a dust respirator may be used. Follow OSHA regulations in the selection and use of respiratory protection.

Section 9 ~ Physical and Chemical Properties

Appearance: White fibrous particulate; odorless	Evaporation Rate (Butyl acetate=1): Not applicable.
Odor Threshold: Not applicable.	Viscosity: Not applicable.
Boiling Point/Range: Not applicable.	Volatile Organic Carbon Compounds (VOC) (g/L): Not available
Melting Point/Range: >163°C (325°F)	Flashpoint: >316°C (600°F)
Relative Density: 0.90-0.95	Flammable Limits in Air % by Volume:
Vapor Pressure: Not applicable.	LEL (Lower): Not applicable.
Vapor density (air=1): Not applicable.	UEL (Upper): Not applicable.
Solubility: Insoluble	Autoignition Temperature: 301°C (575°F)
pH: Not applicable.	Decomposition Temperature: Not available
Partition coefficient (n-octanol/water): Not available	Flammability (solid, gas): Combustible

Section 10 ~ Stability and Reactivity

Reactivity: Not normally reactive.
Chemical Stability: Stable
Possibility of Hazardous Reactions: None currently known.
Conditions to Avoid: None currently known.
Incompatible Materials: Strong acids, bases and oxidizing agents.
Hazardous Decomposition Products: Oxides of carbon, and unknown materials.

Section 11 ~ Toxicological Information

Potential Health Effects
Acute Hazards
Inhalation: No known hazard.
Skin Contact: No known hazard.
Eye Contact: Contact may cause mechanical, abrasive irritation with possible injury.
Ingestion: No known hazard.
Chronic Effects: No known hazard.
Carcinogenicity Listing: None.
Acute Toxicity Values: Polypropylene: LD50 oral rat >110 g/kg

Section 12 ~ Ecological Information

Ecotoxicity: No data available for the product. No adverse effects on the environment are expected.
Persistence and Degradability: This product is non-degradeable.
Bioaccumulative Potential: Not bioaccumulative.
Mobility in Soil: No data available
Other Adverse Effects: No data available

Section 13 ~ Disposal Considerations

Disposal Instructions: Dispose in accordance with local, state and federal environmental Regulations. Unused material is suitable for disposal in sanitary landfill. Used material may be subject to regulation, depending on the nature of the material absorbed. Check with appropriate regulatory authority for used material containing hazardous waste.

Section 14 ~ Transportation Information

US DOT Shipping Description: Not regulated
IATA Shipping Description (Air): Not regulated
Proper Shipping Name: Not regulated
UN Number: Not applicable.
Packing Group: Not applicable.
Labels Required: None.

Section 15 ~ Regulatory Information

US Regulations
SARA 311/312 Hazard Categories: None.
SARA 313 This Product Contains the Following Chemicals Subject to Annual Release Reporting Requirements Under the SARA Section 313 (40 CFR 372): None.
SARA 302 Listed Chemicals: None.
CERCLA: This product is not subject to CERCLA release reporting. Many states have more stringent reporting requirements. Report releases as required by local and state regulations.
California Proposition 65: None.
EPA Toxic Substances Control Act (TSCA): All of the components of this product are listed on the TSCA Inventory or exempted from TSCA.
International Regulations:
EU REACH: Contact Omega Industrial for information on REACH status.
Japan MITI: No data available
AICS: No data available

Section 16 ~ Other Information

	NFPA	HMIS	Key
HEALTH	0	0*	4= Severe
FLAMMABILITY	0	0	3= Serious
REACTIVITY	0	0	2= Moderate
OTHER/PROTECTION	-	-	1= Slight 0= Minimal

Disclaimer: Omega Industrial Supply, Inc. cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product, may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge and experience currently available. The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
