

CANNON PLUS LEMON

Non-Fuming, Non-Acid
Drain Opener & Maintainer

CANNON PLUS LEMON's high-powered formulation penetrates clogging masses, converting them to soft pulp that flushes through the system, cleaning and clearing clogged drains. Heavier than water, it goes right to the clog and dissolves organic matter, grease, soap, paper, hair and lint. Ideal for both problem drains and preventative maintenance. Harmless to plumbing and septic systems, when used as directed. It should not be used in garbage disposals.

DIRECTIONS:

CAUTION: Should not be mixed with or added to any other chemicals.

FOR CLOGGED DRAINS - Slowly pour 16 ounces directly into drain opening. Let stand 15 minutes. Flush drain with plenty of hot water. If necessary, repeat application and let stand 45 minutes. Badly clogged large industrial drains may require several treatments, and allow to stand overnight before flushing with water.

FOR SLUGGISH, SLOW RUNNING DRAINS - Pour 8 ounces slowly and directly into drain. Repeat procedure two or three times at 15 minute intervals. After last application, rinse drain thoroughly with hot water.

TO CONDITION DRAINS, PREVENT BUILD-UP OF CLOGGING MASS - 8-12 OUNCES IN EACH DRAIN WEEKLY KEEPS DRAINS FREE FLOWING and PROVIDES "ODOR POLLUTION" CONTROL.
