

DETAILER

Wax & Shine Polish

DETAILER polish is an aerosol wax that sprays on and buffs effortlessly to create a hard shell finish. **DETAILER** won't powder up and is an excellent wax and polish for anything that needs reviving. Also, maintains the beautiful factory-original shine! **DETAILER** can be used on chrome & aluminum.

DIRECTIONS

Product should be warmed to room temperature. Move vehicle out of direct sunlight if possible.

1. Shake well before using.
2. Wash vehicle to remove excess dirt.
3. Spray and lightly wipe over surface.
4. Buff with a clean, dry cloth to a high luster.
