

TRAFFIC LINE

Acrylic Traffic Paint

TRAFFIC LINE is a premium quality 100% acrylic traffic line and curb marking paint made with the finest raw materials providing high visibility and easy application. The pigments are non-fading and the Titanium Dioxide is non-caulking. **TRAFFIC LINE** will withstand hot sun, sub-zero temperature, wind-blown dust particles, chemical fumes, humidity and moisture. This maintenance coating is durable and long lasting plus it provides excellent adhesion to surfaces being coated. **TRAFFIC LINE** has been specially formulated for painting concrete, brick, city crosswalks, highway edge lines, bridges, stop zones, storage areas, traffic signs, streets and parking lots. For easy clean up protect skin with Omega's **SHIELD** invisible barrier. Paint overspray will easily wash off of treated skin without scrubbing or irritation.

Directions: Clean surface with Omega's **MEGA POWER** heavy duty degreaser to ensure surface is free from dirt, dust and oil residue for best adhesion. Use a brush, roller or sprayer to apply evenly to surface. Do not apply **TRAFFIC LINE** if air or surface temperature is below 50° F. Dries in 15-30 minutes. Drying time may be increased if air is cold or humid. Easy water clean up. Covers approximately 150-200 square feet per gallon.
