

Trash It

Deodorizing Trash Chute & Dumpster Cleaner

TRASH IT is designed for the tough job of deodorizing and cleaning trash chutes, dumpsters, and other trash collection facilities. The super concentrated formula is a very powerful odor counteractant combined with powerful detergents to effectively remove obnoxious odors while completing necessary cleaning tasks. Regular use of **TRASH IT** will help keep facilities clean and odors under control. This product is very versatile and great for use whatever the task may be, simply use more or less **TRASH IT** depending on the job at hand. Try **TRASH IT** with Omega's metered drip or spray dispenser to automatically dispense product in trash chutes and dumpster areas on a regular basis to keep areas clean consistently with little or no effort.

Directions: Pour or spray **TRASH IT** onto source of odors or on area to be cleaned, agitate to remove larger debris if needed. No rinsing is required. **TRASH IT** has a neutral pH and does not contain harsh alkalis or acids, and is non-toxic. Regular use is strongly recommended to keep area clean and odor free.
