This brief provides a general overview of the Safety Data Sheet requirements in the Hazard Communication Standard OSHA’s 29 CFR 1910.1200(g) and Appendix D of 29 CFR 1910.1200.

Section 1 ~ Identification

Identification (As Used On Label and List) B5102 U-POD
Company Information: OMEGA INDUSTRIAL SUPPLY, INC
Address (Number, Street, Suite/Apt#) 101 Grobric Ct #1
(City, State, and Zip Code) Fairfield, CA 94534

Section 2 ~ Hazard(s) Identification

GHS Hazard Classifications
Physical Hazards
- Metal corrosives Category 1
- Acute Toxicity
- Oral Category 4
- Skin corrosion/irritation Category 2
- Serious eye damage/eye irritation Category 2A
- Specific target organ systemic toxicity - single exposure Category 3

Health Hazards
- Cancer causing Not classified

Environmental Hazards
- Hazardous to the aquatic environment
  - acute Category 3
  - long-term Category 3

Hazard Statement
Harmful if swallowed (do not ingest). Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation

Precautionary Statement
- Under normal use it is safe to install U-POD with blue plastic bag
- Please read SDS before use. Keep only in original container. Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling.
- Absorb spillage to prevent material damage and to avoid release into the environment. Call a poison center or doctor/physician if you feel unwell

Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If breathing is difficult, administer artificial respiration. If exposed or concerned: Get medical advice/attention.

If on Skin: Rinse skin immediately. If the appearance of the skin has changed, Get medical advice/attention. Gently wash with soap and water. Take off contaminated clothing and wash before reuse.

If in Eyes: Rinse continuously with water for several minutes, remove contact lenses if present and easy to continue rinsing. Take off contaminated clothing and wash before reuse. If Skin Irritation Occurs: Get medical advice/attention. If Eye Irritation Persists: Get medical advice/attention.

Storage
Store in the original container in a cool dry place.

Disposal
Dispose of contents/container at an appropriate waste disposal facility in accordance with local/regional regulation.

Section 3 ~ Composition/Information on Ingredients

Substance / Mixture: Mixture
General Products Description: Urinal cleaning device (U-POD)

Ingredients and Composition Name

<table>
<thead>

Section 4 ~ First Aid Measures

Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If breathing is difficult, administer artificial respiration. If exposed or concerned: Get medical advice/attention.

If on Skin: Rinse skin immediately. If the appearance of the skin has changed, Get medical advice/attention. Gently wash with soap and water. Take off contaminated clothing and wash before reuse.

If in Eyes: Continue to rinse with fresh water for at least 15 minutes. Get immediate medical advice/attention.

If Swallowed: Get medical advice/attention. Rinse mouth. Do not induce vomiting.

Section 5 ~ Fire Fighting Measures

Extinguishing Media: Carbon dioxide Foam or powder fire-extinguisher.
Specific Method of Fire-Fighting: Extinguish the fire using fire-fighting media. Fighters should work from the windward side. Around the place where a fire has occurred, Authorized personnel only.

Protective Measures in Fire: Fire fighters should wear proper protective equipment, eliminate all ignition sources if safe to do so.

Section 6 ~ Accidental Release Measures

Personal Precautions: Wear protective equipment in cases of accidental spill or release. Keep unauthorized personnel away.

Environmental Precautions: To minimize the impact to the environment, keep released or spilled product from entering sewers, storm drains, and other natural water ways. Notify relevant authorities according to local regulations.

Method for Cleaning Up
Prevention of Secondary Hazards: Stop leak if safe to do so. Keep away all ignition sources and prepare extinguishing media. Dispose of incrustation.

Section 7 ~ Handling and Storage

Handling
- Under normal use for intended purpose(U-POD) is safe

Technical Measures: No information.

Precautions for Safe Handling: *Under normal use it is safe to install U-POD with blue plastic bag. Wash hands thoroughly after handling. Avoid ingestion. During manufacturing: Wear protective equipment when risk of exposure occurs, use corrosion-resistant protective equipment and handle in a well ventilated area.

Sanitation: Do not eat, drink and smoke while handling. Wash hands thoroughly after handling.

Storage Conditions: Do not store containers under direct sunlight or near fire. Store in original container in a cool dry location. Do not store sulfurous acid and active chlorine compound adjacent. Avoid long term storage.

Material for Container and Package: Containers which are prescribed in Fire and Disaster Management Act and UN transport regulations.

Section 8 ~ Exposure Controls/Personal Protection

1. Administrative Exposure Limit
   Name: 1 2 ACHIG-TLV

2. Occupational Exposure Limit
   Sulphamic Acid: Not determined No information
Manufacturing Facility Control: Install eye washers and safety showers in work sites where the substance is manufactured and handled. Ventilation equipment should be explosion-resistant. Use corrosion resistance or heat resisting property hoses used to convey for device or chemicals.

Respirator Protection: Respiratory protective equipment. Protective corrosive resistant gloves (rubber, polyethylene).

Under normal use it is safe to install U-Pod with blue plastic bag.

Eye Protection: Wear suitable protective goggles.

Skin and Body Protection: Wear protective equipment for face. Wear protective clothing.

Section 9 ~ Physical and Chemical Properties

<table>
<thead>
<tr>

Section 10 ~ Stability and Reactivity

Stability: Stable under normal condition

Possible Hazardous Reactions: There are no reactive

Conditions to Avoid: None known

Incompatible Materials: Strong oxidizing compound

Hazardous Decomposition Products: Will not occur

Section 11 ~ Toxicological Information

Please refer NO.2 HAZARDS IDENTIFICATION

Section 12 ~ Ecological Information

Please refer NO.2 HAZARDS IDENTIFICATION

Section 13 ~ Disposal Considerations

Disposal must be made according to regulation in your country or region

Section 14 ~ Transportation Information

International Restriction

Maritime Regulations (IMDG regulation)

UN Number: 2967

UN Classification: Class 8

Packing Group: III

Aviation Regulations (ICAO and IATA regulations)

UN Number: 2967

UN Classification: Class 8

Packing Group: III

Domestic Restriction

Rail and Road Transportation Information: None

Marine Transportation Information: Follow the mode of transportation as provided in the vessel safety law

Aviation Transportation Information: Follow the mode of transportation as provided in the aviation law

Section 15 ~ Regulatory Information

Vessel Safety Law: Corrosive substance

Aviation Law: Corrosive substance

Act on Port Regulations: Corrosive substance

Section 16 ~ Other Information

Disclaimer: Omega Industrial Supply, Inc. believes the information contained herein is based on data believed to be accurate as far as the data we had on hand when this sheet was prepared. However, no warranty or guarantee is given regarding the contents of this Safety Data Sheet, or the physical and chemical properties of this product, or any hazards or harm to property or individuals that may result from using it. All remarks and precautions are premised on ordinary handling and it is the user's responsibility to use the product correctly for its intended purposes. We assume no responsibility for any damages or injury resulting from intentional misuse of this product.
