

E-Z Kleen Fresh

Foaming Coil Cleaner

E-Z KLEEN FRESH is formulated to penetrate and remove dirt and matted material from condenser coils and fins, eliminating the need for high pressure sprayers and bulky tank sprayers. Upon contact with the surface of the coil, the foaming action of the product begins to remove the soil from the surface. Rinsing is not required. Dirt and lint are washed away with condensation, leaving unit cleaned and deodorized

Directions: Turn fan OFF. Shake can well prior to using. Scrape off matted or loose material with brush. Hold can 12 inches from air intake side of coils. Spray between fins to allow **E-Z KLEEN FRESH** to penetrate inner surfaces. Allow to stand 5 minutes. Turn fan ON.
