

Grease It

High Quality Greases

The entire line of **GREASE IT** products are formulated to lubricate exceptionally well and last through a variety of conditions. These petroleum based greases have the perfect additive mixture to provide superior wear and protection.

GREASE IT RED is an all purpose, non-melt grease especially formulated with extreme pressure and anti-wear additives to provide heavy duty service. **GREASE-IT RED** is one of very few greases able to withstand heavy shock load and impact pressures of 65 Timken load capabilities. **GREASE-IT RED** has excellent adhesive and cohesive properties. **GREASE-IT RED** resists most acids, weather, dirt, salt spray, steam and oxidation. **GREASE-IT RED** protects equipment indoors and outdoors even under high temperatures and heavy loads.

GREASE IT GREEN: Specially formulated to withstand extreme pressure and temperatures, heavy impact and pounding. Maintains good shear stability and long life. Waterproof and wash-out resistant, resists rust and oxidation, water and salt spray. Provides extra cushioning to reduce shock and noise and will not sling off or squeeze out. Effective to 500°. 65 Timken Load.

GREASE IT BLUE: Premium grade heavy duty industrial grease designed for extended life. This lithium complex grease resists thinning or hardening in service to provide excellent shear stability and pumpability. Excellent for centralized lubricant system, reduces grease consumption and extends lubrication cycles. Use for a wide range of applications. Effective from -40° to over 500°F. 60 Timken Load, USDA H2.

Directions: Directions: Pump in grease until all old grease comes out.

Areas of Use:

- *Construction machinery and equipment
- *Automotive uses
- *Marine uses
- *Anywhere excellent lubrication is desired.
