### Section 4 ~ First Aid Measures

**Eyes** — Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.

**Skin** — Wash with plenty of water. If skin irritation occurs: get medical attention.

**Inhalation** — Move to fresh air. If breathing is difficult or unconscious, administer oxygen. If not breathing administer artificial respiration. Seek medical attention if irritation persists.

**Ingestion** — Rinse mouth. Do NOT induce vomiting. Get medical advice or attention.

**Acute Health Hazards**— Eyes: redness, tearing, blurred vision. Skin: defatting and dermatitis. Inhalation: Anesthetic, irritation, Central Nervous System depression. Oral: abdominal irritation, nausea, vomiting, diarrhea, and aspiration risk

**Chronic Health Hazards**— Excessive exposure may result in peripheral neuropathies due to n-hexane. Symptoms would be sensory numbness and possible motor weakness in extremities.

**NOTE TO PHYSICIAN**— If ingested, material may be aspirated into the lungs and cause chemical pneumonitis. Treat appropriately.

### Section 5 ~ Fire Fighting Measures

**Suitable Extinguishing Media** – Dry chemical, foam, or Carbon Dioxide (CO2).

**Unsuitable Extinguishing Media** – Water spray/stream.

**Special Fire Fighting Procedures** – Wear full protective clothing and NIOSH approved SCBA with full facepiece operated in positive pressure or pressure demand. Use water mist to keep material cool in fire situations.

**Unusual Fire And Explosion Hazards** – Keep away from sparks, open flames, and hot surfaces. No smoking. Do not spray on an open flame or other ignition source

**Hazardous Combustion Products** – Oxides of carbon, various hydrocarbons

### Section 6 ~ Accidental Release Measures

**Personal Protective Equipment** — Refer to section VIII for proper Personal Protective Equipment.

**Spill** — Absorb with non-combustible material like vermiculite, sand or earth and rinse with small amount of soapy water. Do not allow to drain into sewers or storm drains. Dispose of in accordance with local, State and Federal regulations.

**Waste Disposal** — Dispose of in accordance with local, State and Federal regulations. Do not dump in sewers. Use sand or other non-combustible absorbent material to clean up spill and place in container for later disposal. Do not puncture, incinerate, or reuse container.

**RCRA Status** — Waste likely considered hazardous under RCRA, however product should be fully characterized prior to disposal (40 CFR 261).

### Section 7 ~ Handling and Storage

**Handling And Storage** — Protect from sunlight. Store in a well-ventilated place. Do not expose to temperatures exceeding 50°C/122°F. Pressurized container: Do not pierce or burn, even after use. Store locked up.

**Other Precautions** — Keep out of the reach of children.
