

# Urinal Screen

## Thermoplastic Urinal Screen

The **URINAL SCREEN** combines the technology of a 30 day urinal air freshener/deodorizer with the absolute splash elimination available due to its two sided design. The **URINAL SCREEN** also provides an easy to use out indicator system to assist in timely maintenance. The **URINAL SCREEN** releases more than twice the active ingredients as look-alike screens, over 30 days to keep the urinal and restroom smelling fresh. The **URINAL SCREEN** doesn't just mask, it releases optimized bacteria that consume odors. The revolutionary design features a post & lattice design extending through the screen and diffuses the urine stream while releasing a pleasant fragrance. The 2-sided anti-splash design removes 99% of urine splash either side up! The **URINAL SCREEN** easy reminder system lets you know when it's time to replace the screen. Simply remove the tabs upon installation to set your replacement date. **Available in Cinnamon, Fresh, Mango and Mint Scent.**

**Directions:** Unwrap screen, select replacement date (30 days after installation), remove month tab, remove day tab and place in urinal.
