

# SNC

## Super Neutral Cleaner

Super Neutral Cleaner is powerful enough to take care of the toughest grease and grime yet will not harm sensitive surfaces like wood, fabrics, stone floors, painted walls, finished or waxed floors and plastics. It is a highly concentrated product allowing the user the ability to mix to the desired performance level required by the task at hand. **SNC** is the best choice when you need a strong cleaner on a surface you don't want to harm. Great for waxed or finished floors because the neutral pH of **SNC** will not cloud, fog or streak the finish. **SNC** cleans and conditions surfaces to maintain original luster, leaves no graying film, and is fully biodegradable. When stripping and re-finishing is required, use Omega's **MEGA STRIP** and **MEGA SHINE** to strip and wax. Maintain your high gloss finish by cleaning regularly with **SNC**. USDA approved.

**Directions:** Dilute **SNC** depending on the job at hand. Dilute 2 ounces per gallon of warm or cold water for light cleaning, and use a ratio of 1:1 for very heavy dirt concentration. Can be diluted anywhere between these suggested ratios; your experience in using this product will determine the best mixture.

Health	0
Flammability	0
Reactivity	0
Protection	N/A

### Areas of Use:

- \*office buildings
- \*hotels
- \*hospitals
- \*housing authorities
- \*shopping malls
- \*janitorial services
- \*school districts
- \*colleges

Appearance and odor.....	Pink liquid, mask scent .
Specific Gravity.....	Concentrate - 1.020
VOC.....	N/A
NFPA Fire Rating.....	Non-Flammable
