

Water Guard

Glass & Hard Surface Shield Surface Protector

WATER GUARD is a synergized water based formula that delivers an anti-static, durable, invisible coating under ambient cure conditions that reduces dust accumulation. It makes LCD screens, screens, glass, tile and ceramics scratch-resistant. Computer & TV screens, glass and mirrors appear more brilliant by reducing light refraction. **WATER GUARD** reduces the coefficient of friction and makes polishing and wiping easier. It is easy to use. Simply spray, wipe, dip, roll or brush on. It is biodegradable and contains no harsh ingredients. **WATER GUARD** makes surfaces water repellent and antistatic. Use it to protect LCD screens, windows, glass, fiberglass, plexiglass, chrome, enamel, porcelain, mirrors, table tops, counter tops, display panels, doorways, formica, stainless steel, aluminum. Composites, plastic, restroom fixtures, ceramic tile and painted surfaces.

Directions:

WATER GUARD is with a trigger sprayer. Holding the trigger sprayer 6 to 8 inches from the surface or cloth and apply a light mist. Wipe away the soil with a soft, lint-free cloth, sponge or paper towel. When cleaning windows, clean the outer edge and corners first. Then gradually work toward the center with a circular polishing motion to minimize streaking. For hard to reach places or to clean without the overspray, apply the **WATER GUARD** directly on cloth, sponge or paper towel and clean. Always spray **WATER GUARD** directly on a cloth or paper towel when cleaning electronic equipment such as computer monitors and flatbed scanners. **General Restroom Cleaning:** Use as is. Spray area on and around toilet including walls and floors at least twice per day during peak use periods. Do not rinse. **Urinals:** Spray area on and around urinal including walls and floors. Do not rinse. Spray once per day during normal routine cleaning hotels and motels. Regular maintenance using **WATER GUARD** will eliminate lingering odors from uric acid.

Health	0
Flammability	0
Reactivity	0
Protection	-

Areas of Use:

- *windows
- *windshields
- *bathrooms
- *glass

Appearance and odor.....	Clear colorless liquid with no odor
Specific Gravity.....	Concentrate - 1.00
VOC.....	N/A
NFPA Fire Rating.....	Non-flammable Spray
