

# ABSORBENT SOCKS

4' & 6' Universal Absorbent

**Absorbent Socks** are made of polypropylene booms that can be used one at a time or they can be tied or clipped together to form any length required for containing and absorbing spills. For added convenience **ABSORBENT SOCKS** are designed to be virtually lint free on. These are great to keep on hand for spills and unexpected accidents. Available in four and six foot lengths. **ABSORBENT SOCKS** can absorb all types of liquids that are water and oil based. Not recommended for aggressive fluids.

**Directions:** Place socks around liquids to be picked up, or use as a protective barrier to keep spilled liquids from flowing into other areas or running down storm drains.
