

# AQUA CLEAR PAKS

Natural & Beneficial  
Bacteria & Enzymes

- **100% Natural • Biodegradable**
- **Non-Toxic • Non-Pathogenic**
- **Pre-Measured Powdered Digestant**
- **Can Be Used All Year Long**
- **100% Safe & Beneficial Bacteria**

**AQUA CLEAR PAKS** contain cellulase enzymes, hyper cellulase producing bacteria and a cold weather bacteria (psychrophile) to accelerate the breakdown of leaves, small twigs, sediment and other accumulated dead organic waste.

**AQUA CLEAR PAKS** are pre-measured, easy to use and cut costs by eliminating the chance of using excess product.

**AQUA CLEAR PAKS** eliminate handling and dusting like other powdered products so there is no safety concern of powder on your hands.

**AQUA CLEAR PAKS** have a unique packet material that will dissolve within 5 minutes after being placed in water yet will keep from sticking together in high humidity.

BASIC APPLICATION RATES			
SIZE OF POND (in gallons)	1st APPLICATION (purge) 8 oz. packets	NEXT 4 WEEKS (once per week) 8 oz. packets	MAINTENANCE (once per month) 8 oz. packets
5,000 to 10,000	2	1	1
10,001 to 50,000	8	3	3
50,001 to 100,000	12	5	5
100,001 to 300,000	20	8	8
300,001 to 500,000	28	10	10
500,001 to 1,000,000	40	16	16
1,000,000 to 2,000,000	60	24	24

#### 100% SAFE, NATURAL AND BENEFICIAL BACTERIA

Note: To calculate number of gallons in the pond:

Multiply: length (ft) x average depth (ft) x width (ft) x 7.5

A one acre pond, 3' deep = 1 million gallons.

For every additional 3' of depth add 1 million gallons. For Example:

1/2 acre, 6 feet deep = 1 million gallons

1 acre, 6 feet deep = 2 million gallons

2 acres, 9 feet deep = 6 million gallons

All of the above application rates are for water temperatures above 58° F.

Aeration is preferred, but not required. Call for further directions.

Appearance & Odor.....	Grey powder in water soluble packs
VOC%.....	0%
Net Contents.....	50 - 8 oz packs (25 lbs.)
