

BLUE LIGHTNING

Odorless Granular
Line Treatment

BLUE LIGHTNING is a granular odorless line treatment that cleans, opens up and maintains drains. Ultra-concentrated to break down most commercial and industrial drain obstructions. Pleasant fragrance and non-fuming makes **BLUE LIGHTNING** very easy to use. Unique exothermic action helps break down: Grease, hair, coffee grounds, fats, vegetable matter, tobacco, lint, slime, drain scum and many other difficult drain conditions.

DIRECTIONS:

To Open and Clean Drains: Remove water from sink, bowl, or tub and remove drain strainer if possible. Pour 2 tablespoons of **BLUE LIGHTNING** into drain and add a cup of cold water. Wait 15 Minutes and flush drain if still clogged.

Maintenance to Keep Drains Free Flowing: Pour 2 tablespoons of **BLUE LIGHTNING** into each drain weekly. Add 1 cup of cold water. Flush drain with cold water for 15 minutes.

FOR DRAINS & FLOOR DRAINS: Use double the amount recommended for household drains. Follow in 15 minutes with 3 - 4 cups of cold water.
