

Mega Power

Biodegradable Cleaner and Degreaser

Mega Power is a highly concentrated and extremely powerful grease fighter that will quickly clean the toughest grime. **Mega Power** is effective on grease, carbon, grime, oil, soap, scum, soot, etc. Despite its aggressive behavior **Mega Power** is safe on all surfaces and is entirely biodegradable. Different dilution ratios allow this product to be a very versatile cleaner, and it may be used anywhere water is safe to use. The formula for this product is non-flammable, non-toxic, non-corrosive and entirely biodegradable. If you need it cleaned, this is the product of choice. This butyl based cleaner is safe for use on protective rubber gear used by utility companies. **Mega Power** actually turns grease and oil into a biodegradable soap through saponification. This non-polluting formula makes it the only choice for environmentally conscious situations where safety is also an issue.

Directions: Dilute **Mega Power** according to the project at hand. Reduce scrubbing time by using **Mega Power** for all of your cleaning needs.

Dilution Ratios: Water: Mega Power
 90:1 for use with a pressure washer.
 25:1 for light cleaning and floors.
 25:1 as an all-purpose cleaner.
 10:1 for heavy soiled surfaces.
 2:1 for extremely heavy soiled conditions.
