

Mega Safe

Contact & Circuit Board Cleaner

Dielectric to 25,000 Volts

MEGA SAFE is a highly effective blend of solvents that are fast drying, non-conductive and safe to use on metal. Does not contain CFC's or HCFC's and is ozone safe. Use **MEGA SAFE** to remove dirt, grease, oil, and grime from circuit boards, computers, magnetic tapes, printed circuits, gauges, switches and relays. **MEGA SAFE** is extremely flammable and must only be used on equipment that has been de-energized.

DIRECTIONS: This product is extremely flammable and equipment **MUST** be de-energized before using. Shake well and point spray nozzle toward surface to be cleaned. Spray until saturated using a cloth or brush to loosen soil. Reapply if necessary. Allow product to dry and fumes to be completely evacuated before equipment is re-energized.
