

OVEN & GRILL CLEANER

Safely Removes
Baked On Grease & Carbon
From Ovens And Grills

OVEN AND GRILL CLEANER is a concentrated alkaline detergent formulated specifically for spray and soak cleaning of heavily soiled equipment, walls and floors in production areas. Has a low forming blend of wetting agents for maximum soil penetration. Free rinsing. Leaves stainless steel surfaces bright and shiny.

Use for easy quick cleaning of baked on grease and carbon on ovens and grills. Safe and effective for use on stainless steel, chrome, porcelain, brass, copper, and ceramics. Non-flammable, nontoxic fumes.

Authorized by the USDA for use in Federally Inspected Meat, Egg & Poultry Processing Facilities.

DIRECTIONS FOR CLEANING OVENS, GRILLS, AND HOODS: For best results, pre-heat oven for 5 minutes between 180° F to 200° F. Spray on and allow to work for 5 to 10 minutes. Wipe away with a damp cloth then rinse with water. If applied to a cold surface, allow to work for 10 to 15 minutes before wiping and rinsing. Reapply to stubborn areas. If area is completely difficult, use a scouring pad. Do not use on aluminum.
