

Q.D.S.

Quick Dry Sealer

Q.D.S. is a scientifically formulated, state-of-the-art thermoplastic acrylic sealer/finish that brings floor care into the 21st century. **Q.D.S.** drastically reduces labor costs by providing floors with a smooth, hard, crystal clear surface. It preserves the life and beauty of new floors and prevents further deterioration of worn floors. **Q.D.S.** resists black tire marks and scuffing and because it uses the latest polymers, **Q.D.S.** also withstands months of wear and washing without losing its luster. Use **Q.D.S.** on concrete, rubber, quarry, vinyl, vinyl asbestos and resilient floor tiles. **Q.D.S.** can also be used for sealed wood, linoleum, marble and terrazzo. **Q.D.S.** mops on easy and smooth without special or expensive equipment and **Q.D.S.** covers between 1,200 and 2,000 sq. ft per gallon. **Q.D.S.** is self self-leveling, non-streaking and will not puddle, yellow or powder.

Directions: Clean all dirt, oil, and grease from surface to be sealed with Omega's **MEGA POWER** heavy duty degreaser. Once the floor is stripped, rinsed and dry, it's ready to be sealed. **Step 1:** Pour **Q.D.S.** into a clean mop bucket and apply in a figure eight motion with a clean synthetic mop. **Step 2:** Work areas approximately 10'x15'. **Q.D.S.** will highlight the original color of your floor as it provides a smooth, tough base. If a second coat of **Q.D.S.** is require on highly porous floors allow at least one hour drying time between coats.

Health	0
Flammability	0
Physical Hazard	0
Protection	-

Areas of Use:

- *Industrial Facilities
- *Municipalities
- *Parks/Recreations
- *Housekeeping
- *Apartment Complexes
- *School Districts
- *Amusement Parks

Appearance and odor.....	Milky white liquid with mild odor.
Specific Gravity.....	1.026
Net Wt.	1, 5 Gal.
