

# Ring-Go

The Impossible Ring Remover

**RING-GO** removes toilet bowl water ring, rust and gray stains. Use **RING-GO** when all others fail. **RING-GO** contains a space age liquid pumice ingredient that lets you throw away the pumice stones you have used in the past to remove the ring and gray crustations in the toilet bowl. **THIS PRODUCT IS NOT MEANT TO BE USED AS A BOWL CLEANER** it is too strong for daily use. Use only on stains the bowl cleaner will not remove.

**Directions:** It is not necessary to lower the water level when using **RING-GO**. Simply squirt **RING-GO** onto the bowl ring and wait 10 seconds. Then wipe the inside of the bowl with a swab mop or toilet brush. No scouring or rubbing necessary. **RING-GO** does the job!
