

This brief provides a general overview of the **Safety Data Sheet** requirements in the Hazard Communication Standard OSHA's 29 CFR 1910.1200(g) and Appendix D of 29 CFR 1910.1200).

Section 1 ~ Identification

Identity (As Used On Label and List) B5215/G3227 FOAM MAGIC	Date Prepared: 04/15/15
Company Information: OMEGA INDUSTRIAL SUPPLY, INC	Emergency Telephone Number: 1-800-424-9300
Address (Number, Street, Suite/Apt#) 1133 WEST 27 TH STREET	Telephone Number for Information: 1-800-571-7347
(City, State, and Zip Code) CHEYENNE, WY 82001	Signature of Prepare (Optional) REGULATORY DEPT.

Section 2 ~ Hazard(s) Identification

Classifications	Foam hand sanitizer
Label Elements	N/A Signal Word: WARNING!
Hazard Statement	N/A
Precautionary Statement	This product is manufactured and labeled in compliance with the Federal Food, Drug, and Cosmetic Act, and is exempt from the labeling requirements of the OSHA Hazard Communication Standard. All product ingredients are listed below. Active Ingredient: Benzalkonium Chloride - 0.12% Inactive Ingredients: Water, Glycerin, Decyl Glucoside, DMDM Hydantoin
Other Hazards	N/A
Unknown acute toxicity (GHS US)	N/A

Section 3 ~ Composition/Information on Ingredients

None

Section 4 ~ First Aid Measures

Eyes: Check for and remove any contact lenses. Flush out immediately for at least 20 minutes with running water and seek medical attention. Washing eyes within one minute is essential to minimizing eye damage. Hold eyelids apart to ensure flushing of the entire surface.

Skin: Wash with water. If irritation persists, seek medical attention.

Ingestion: Never give anything to an unconscious person. If swallowed, do not induce vomiting unless directed by medical personnel. Give large quantities of water or milk.

If vomiting occurs, keep airways clear. Seek medical attention.

Inhalation: Inhalation not likely under normal use conditions.

Section 5 ~ Firefighting Measures

Flammable Class: Nonflammable

Flame Propagation or Burning Rate of Solids: Not Applicable

General Hazard: Evacuate personnel downwind of fire to avoid inhalation of irritating and/or harmful fumes and smoke.

Extinguishing Media: Alcohol type foam, CO₂ (Carbon Dioxide), Dry Chemical, Water Fog

Hazardous Combustion Products: None

Fire Fighting Procedures: This product is a nonflammable substance. Fire, however, may create hazardous decomposition and combustion products. Cool exposed containers with water spray to prevent overheating.

Fire Fighting Equipment: Firefighting personnel must use respiratory and eye protection. Use full protective equipment (Bunker Gear) and self-contained breathing apparatus (SCBA) for all indoor fires and any significant outdoor fires. SCBA may not be required for small outdoor fires easily extinguished with a portable fire extinguisher.

Sensitive to Static Discharge: None

Sensitivity to Impact: None

Section 6 ~ Accidental Release Measures

Small Spill: Wearing the appropriate personal protective equipment designated in Section 8, move the leaking container to a containment area or rotate the container so that the opening is above the powder level. Sweep up and place in a labeled waste container.

Large Spill: Construct temporary dikes of dirt, sand, or any appropriate readily available material to prevent spreading of the material. Wearing the appropriate personal protective equipment designated in Section 8, close or cap valves and/or block or plug hole in leaking container and transfer to another container. Contain material as described above and place in a labeled waste container.

Environmental Precautions

Water Spill: Use appropriate containment to avoid runoff or release to sewer or waterways.

Land Spill: Use appropriate containment to avoid runoff or release to ground.

General Procedures: Remove containers of strong acids from release area. Eliminate all ignition sources (no smoking, flares, sparks or flames in immediate area). Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Stop leak if you can do it without risk. Prevent entry into waterways, sewers, basements or confined areas. Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers. Do not get water inside containers.

Release Notes: If spill could potentially enter any waterway, including intermittent dry creeks, contact the local authorities. If in the U.S., contact the US COAST GUARD NATIONAL RESPONSE CENTER toll free number 800-424-8802.

In case of accident or road spill notify: CHEMTREC in USA or Canada at 800-424-9300

Comments: See Section 13 for disposal information and Section 15 for regulatory requirements. Large and small spills may have a broad definition depending on the user's handling system. Therefore, the spill category must be defined at the point of release by technically qualified personnel.

Section 7 ~ Handling and Storage

Handling: Use appropriate personal protective equipment as specified in Section 8. Handle and use in a manner consistent with good industrial/manufacturing techniques and practices.

Storage: Store in unopened containers under cool and dry conditions. Do not store with, or close to acids.

Section 8 ~ Exposure Controls/Personal Protection

Engineering Controls: If dust, vapors, or mists are generated, provide local exhaust ventilation to control airborne levels below the exposure limit.

Personal Protective Equipment

Eyes and Face: Wear chemical splash goggles and face shield when eye and face contact is possible due to splashing or spraying of material.

Skin: Where contact is likely, wear neoprene chemical resistant gloves, a chemical suit, rubber boots, chemical safety goggles and a face shield.

Respiratory: Always wear NIOSH approved respiratory protective equipment when vapor or mists may exceed applicable concentration limits.

Work Hygienic Practices: Facilities storing or using this material should be equipped with an eyewash facility and a safety shower. Follow good personal hygiene practices.

Comments: ACGIH's Guide to Occupational Exposure Values don't list PEL's, TLV's or OEL's for this product or its ingredients.

Section 9 ~ Physical and Chemical Properties

Flash Point and Method: None (Cleveland Open Cup)

Flammability Limits (LEL/UEL): Not Available

Autoignition Temperature: None

Physical State: Liquid

Melting Point: Not Applicable

Odor: None

Solubility in Water: Complete

Color: Water-White

Evaporation Rate: 1.0

pH (As Is): 7.0 – 7.5

Density: Not Available

Vapor Pressure: Not Available

Specific Gravity: 1.003

Vapor Density: Not Available

Viscosity: @25°C 1 – 3 cps

Boiling Point: 220°F

Decomposition Temperature: Not Available

Freezing Point: Not Available

Coefficient Oil/Water: Not Available

Section 10 ~ Stability and Reactivity

Stable: Yes

Conditions to Avoid: Heat, temperatures above 200°C.

Hazardous Polymerization: No

Hazardous Decomposition Products: None

Polymerization: Will not occur

Incompatible Materials: Strong Acids

Stability: The product is stable under normal ambient conditions of temperature and pressure.

Section 11 ~ Toxicological Information

Acute

Eyes: Not Available

DERMAL LD50: Not Available

Oral LD50: Not Available

Inhalation LC50: Not Available

Eye Effects: None.

Skin Effects: None.

Target organs: Eyes, skin

Carcinogenicity

IARC: Listed by IARC - No

NTP: Listed by NTP - No

OSHA: Listed by OSHA - No

Sensitization: Not Available

Reproductive Effects: Not Available

Teratogenic Effects: Not Available

Mutagenicity: Not Available

Section 12 ~ Ecological Information

Environmental Data: May cause adverse environmental impact if material reaches waterways.

Ecotoxicological Information: Not Available

Distribution: Not Available

Chemical Fate Information: Not Available

Section 13 ~ Disposal Considerations

Disposal Method: Dispose of waste at an appropriate waste disposal facility according to current applicable laws and regulations.

For Large Spills: Contain material and call local authorities for emergency assistance. In consultation with the appropriate authorities, determine the disposal method or contact supplier.

Product Disposal: Dispose of at a supervised incineration facility or an appropriate waste disposal facility according to current applicable laws and regulations and product characteristics at time of disposal.

Empty Container: Rinse drums with water before disposal or reuse in accordance with applicable regulations.

GENERAL COMMENTS: Refer to Section 6, Accidental Release Measures for additional information.

Section 14 ~ Transportation Information

Road and Rail (ADR/RID): Non-regulated.

Kemler Number: None

Hazard Class: Non-regulated.

Air (ICAO/IATA)

Shipping Name: Non-regulated.

Technical Name: Mixture

UN/NA Number: Non-regulated.

Primary Hazard Class/Division: Non-regulated.

Packing Group: Non-regulated.

Label: Non-regulated.

Remarks: None.

Vessel (IMO/IMDG)

Shipping Name: Non-regulated.

Technical Name: Mixture

UN/NA Number: Non-regulated.

IMDG Class/Division: Non-regulated.

Packing Group: Non-regulated.

Label: Non-regulated.

Marine pollutant: No

EMS Number: Non-regulated.

Remarks: Limited quantity

Section 15 ~ Regulatory Information

European Community

EEC Label Symbol and Classification

S36/39: Wear suitable protective clothing and eye/face protection.

S24/25: Avoid contact with skin or eyes.

S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S28: After contact with skin, wash immediately with plenty of soap and water.

European Community Regulatory: All intentional ingredients are listed on the European's EINECS Inventory.

Section 16 ~ Other Information

Disclaimer: Omega Industrial Supply, Inc. cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product, may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge and experience currently available. The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and -may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
