

STOP BUGGING

Natural Formula to Repel
Fleas, Ticks, Mosquitoes and Flies

STOP BUGGING is a blend of natural ingredients to prevent pests from attacking your skin. The natural oils in this product are carefully combined to provide a shield that prevents these pests from being attracted to your skin and outerwear. **STOP BUGGING** does not contain any pesticides or harsh chemicals.

DIRECTIONS: Spray directly on exposed skin or outerwear as needed. Check for colorfastness on fabrics. Avoid contact with nose, mouth and eyes when applying on or near the face. Reapply every day or as needed when working outside. Reapply if the skin gets thoroughly wet or washed. Safe for daily use, if desired.
