

# BATH PLUS

Restroom Cleaner

**BATH PLUS** is our clinging multi- surface restroom cleaning product designed for professional daily use. **BATH PLUS** is specially formulated to remove soap scum and the toughest stains from toilets, urinals, tubs, showers tile and grouting. **BATH PLUS** has a thick consistency that clings to vertical surfaces and under toilet bowl rims. **BATH PLUS** has no harsh fumes and a pleasant fragrance that deodorizes as it cleans.

### DIRECTIONS

Use full strength. Let stand for a few minutes. Wipe with cloth, bowl swab or sponge and rinse well. **BATH PLUS** may be diluted 1:5 with water. For large areas, spray or foam onto the surface, allow **BATH PLUS** to sit, then wipe and rinse well. When used on metal surfaces, **BATH PLUS** should be wiped and rinsed immediately. **TEST:** If you are unsure of a surface, test in an inconspicuous area using a small amount. This will determine how long you need to leave it on the surface and the correct dilution factor.
