

BLACK BEAR TAPE

4"

Extra Tacky Tape

BLACK BEAR TAPE is a single sided commercial class seaming tape that is built with a laminated polyethylene cloth and unique acrylic adhesive, designed for todays new class of building wraps. **BLACK BEAR TAPE** bonds to most difficult surfaces and is easy to use with no need for cutting tools. It can be easily torn by hand smoothly. **BLACK BEAR TAPE** is chemical resistant and waterproof. Can be repositioned, face to face adhesive contact easily pulled apart with no loss of performance. **BLACK BEAR TAPE** has stable performance in all temperatures -40°F to 200°F (-40°C - 93°C). Roll Size width 4" by 65' in length.

DIRECTIONS:

Test before use, tape may damage the surface or leave residue. Use only on clean, dry surfaces. For best results use within 6 months of purchase. Store in a cool, dark and dry place.
