

# CARB CLEAN

Choke & Carburetor  
Cleaner

**CARB CLEAN** carburetor and choke cleaner is the modern quick way to clean and lubricate automatic chokes, PCV valves and systems, heat risers and carburetors. **CARB CLEAN** rapidly cleans carburetors without removing them from the car engine. Frees frozen or inoperative choke and carburetor linkages when frozen due to dirty parts. Cleans out PCV valves and hoses allowing system to operate properly. **CARB CLEAN** has been thoroughly tested to insure no adverse effects to oxygen sensor equipment.

### DIRECTIONS:

Read entire label before using this product.

**CARBURETOR:** Remove air filter. Liberally spray inside and outside of carburetor. Spray all linkages and manually operate until free moving.

**CHOKE LINKAGE:** Spray both sides of choke butterfly. Manually operate until free moving.

**PCV SYSTEMS:** When installing a new PCV valve, remove hose from crankcase. While engine is running, spray carburetor cleaner into hose and allow carburetor to draw spray into hose & PCV valve. If necessary, work valve manually until clean.

**HEAT RISERS:** A quick spray of carburetor cleaner will help free heat risers without leaving any residue.
