

# GEL-BAC

Thickened Alive Bacteria

**GEL-BAC** is special blend of enzymes, detergent & deodorant containing aerobic and anaerobic bacteria. Unique thickened formula clings to the sides of pipes and lines, increasing effectiveness. Eliminates odors at the source and through a digestive process liquifies organic waste such as fat, grease, protein and carbohydrates.

**DIRECTIONS**

**General Odor Control:** To eliminate odors caused by vomit, urine, spoiled food, animal waste in places such as garbage cans, locker rooms, carpet, etc., spray directly on the malodor. This will let the bacteria ingest the material while the pleasant fragrance immediately neutralizes the odor.

**Drain Lines, Down Pipes:** Pour **GEL-BAC** directly in the drain line opening. Add product according to chart below. Start on the lowest floor and work one floor every day. Do not treat same floor twice. Once top floor is reached, continue treating only the top floor.

Drain Line	Dosage	Frequency
2"	4 oz.	2-4 times weekly
4"	8 oz.	2-4 times weekly
6"	12 oz.	2-4 times weekly
8"	16 oz.	2-4 times weekly

**Grease Traps:** For small grease traps less than 20 cubic feet, pour 4 -5 ounces daily into sink or pipeline. For large grease traps, use 8 – 10 ounces daily. No more flushing with warm water. Procedure should be done when traps are least used.

**Septic Tanks:** For initial treatment use 16 oz. per 25 cubic feet capacity. For weekly maintenance pour 8 oz. directly into toilet and flush. If septic tank is clogged, add 1 gallon of **GEL-BAC** to the tank through the manhole.

**Toilets, Urinals, Drinking Fountains:** Add 4-6 oz. daily, applying product under toilet or urinal rim. Allow **GEL-BAC** to run down into drain. Do not apply to drinking fountain spout.

Health	0
Flammability	0
Physical Hazard	0
Protection	B

**Areas of Use:**

- \*Cities & Counties
- \*Hotels
- \*Parks & Recreation
- \*Apartment Complexes
- \*Hospitals
- \*Animal Shelters
- \*Sewage Plants
- \*Recycling Centers

Bacteria Count.....	160,000,000 per milliliter
Appearance & Odor.....	Green liquid with lemon scent
Net Contents.....	1 Quart (0.9463 Liters)
