

LEATHER CLEANER & CONDITIONER

Conditioner and
Water Repellent

LEATHER CLEANER & CONDITIONER is especially formulated with emollients, humectants, surfactants, and conditioners in just the right proportion to effectively clean, condition and preserve the strength, beauty, and resiliency of new and old leathers. The best product on the market for cleaning and conditioning all types of non-suede leather including: Auto Interiors, Couches, Sofas, Chairs & Seats, Brief Cases, Golf Bags, Shoes, & Grips, Jackets, Spa Covers, Baseball & Softball Gloves and more!

LEATHER CLEANER & CONDITIONER is a water repellent treatment that helps prevent salt stains and water spotting. Won't darken the leather or become tacky or sticky. Safe on dyed leather surfaces. Dispenses in a thick, rich, mousse-like foam consistency that makes for easy application. Removes most ball point pen marks. Won't bleed onto clothing from treated surfaces. Imparts a fresh leather fragrance to the area where used. No unpleasant odor associated with many other leather cleaner conditioners. Contains no heavy waxes that can damage stitching or become slippery. Ideal for use on many exotic and fine leathers.

DIRECTIONS

As with all leather care products, test a small inconspicuous area first. Spray a small amount of foam mousse onto soft cloth or rag. Apply in a circular motion. Allow to dry, and buff lightly. Do not use on suede.
