

MEGA POWER

Biodegradable Cleaner
And Degreaser

MEGA POWER is a highly concentrated, extremely powerful grease fighter that will quickly clean the toughest grime. **MEGA POWER** is effective on grease, carbon, grime, oil, soap, scum, soot, etc. Despite its aggressive behavior **MEGA POWER** is safe on all surfaces and is entirely biodegradable. If you need it cleaned, this is the product of choice. This butyl based cleaner is safe for use on protective rubber gear used by utility companies. **MEGA POWER** actually turns grease and oil into a biodegradable soap through saponification. This non-polluting formula makes it the only choice for environmentally conscious situations where safety is also an issue. This formulation has been authorized for use in federally inspected meat and poultry plants by the USDA.

DIRECTION FOR USE

Dilute **MEGA POWER** according to the project at hand.

Cleaning with a pressure water:
1 part **MEGA POWER** to 90 parts water.

Light cleaning such as daily floor washing:
