

MIST

Metered Air Freshener

The breakthrough formula in **MIST** contains all of the performance one might expect from an air freshener -- but with a twist. This incredibly dry spray has excellent bloom and suspension time, ultra fine particles, no fall out, and no residues, all without using ozone depleters. **MIST** contains two odor counteractants for maximum deodorizing power. The dual system quickly neutralizes malodors with industrial and institutional strength even on smoke, decay, solvent, vomit, cooking, pet odors, and more. Also featured is a new, universal, non-proprietary actuator for use in most available time dispense machines. The metered valve delivers precise spray volumes in an ultra fine mist to effectively and continuously freshen rooms up to 4,000 cubic feet without even thinking about it. Contains more than 3,800 metered releases. For really tough odors, use Omega's **ELIMINATOR** total release fogger, then keep the area fresh with **MIST** for a great first impression every time.

Available in **Cranberry Spice, Citrus, Cucumber Melon, Linen Fresh, Pina Colada, Sweet Pea and Mango Breeze.**

STANDARD USAGE: PROTECT YOUR EYES! Place in dispenser, turn unit on and select desired dispenser settings. Fits most metered aerosol dispensers. Releases odor-fighting fragrance with each burst to eliminate offensive odors. Effective in areas up to 4,000 cubic feet. Contains more than 3,000 metered releases. Use almost anywhere you desire a fresh, clean environment.

MANUAL USAGE: Press once to release. Appropriate dosage is instantly dispersed. Repeat if necessary.
