

MIXING STATION COMPACT SYSTEM 4+1

Compact Mixing Station Kit
with 4 Chemical Concentrates

KIT INCLUDES:

- ✓ **EcoMulti 4+1 Mixing Station**
- ✓ **4 Gallons of Product**
- ✓ **4 Product Wall Rack**
- ✓ **8 Empty Spray Bottles**

The EcoMulti Compact 4+1 is a venturi system that can dilute up to 5 chemicals from one dispenser. Ideal for use with spray bottles, buckets or scrubber dryers, the system is designed with two separate proportions making it suitable for combining high flow (14L/min) and low flow (4L/min) applications.

A cost-effective and reliable solution, delivering a ready-to-use mix of highly concentrated chemicals and water. With 13 selectable dilution ratios for each chemical and integrated backflow prevention, the EcoMulti is ideal for many environments. The flexible design allows chemical concentrates to be routed through side or bottom inlets, making it highly versatile for use in industrial kitchens, cleaning areas and maintenance cupboards.

Additionally, secure chemical cabinets can be installed on either side of the EcoMulti 4 chemicals system to provide an added layer of safety by controlling access to hazardous chemicals and preventing tampering, ensuring a safer working environment for employees.

- ✓ **Deliver up to 5 chemicals at distinct ratios from a single dispenser**
- ✓ **Simple push and hold operation, ensures effective results from minimal training**
- ✓ **Twist and lock option for high capacity filling of buckets and floor cleaners**
- ✓ **Choice of high and low flow combinations to suit volume and precision applications**
- ✓ **Compact size for installation where space is limited**
- ✓ **Optimal results and flexibility from 13 dilution ratios per chemical, with safe in service adjustment**

MIX AND MATCH 4-GALLONS FROM A VARIETY OF CONCENTRATES:

DESCRIPTION	PRODUCT NAME(S)	DILUTION	UNITS PER GL	COST EA
