

NATURAL WAY

Citrus Based Drain
Maintainer & Degreaser

NATURAL WAY is a highly concentrated, all natural citrus based organic solvent blend designed for all heavy duty degreasing and drain maintenance. **NATURAL WAY** is the most powerful of our natural citrus based products. The high concentrate level of this product allows the user the flexibility to emulsify heavy grease buildup or to dilute with water for general cleaning. **NATURAL WAY** breaks down grease and grime buildup and will clean drain lines, garbage disposal units and grease traps while removing foul odors. Quickly removes grease, oil, tar, adhesives and more from most surfaces and is ideally suited for most cleaning and degreasing applications. This product has a pleasant citrus aroma that can also be used as a space spray to help control many other odors. **NATURAL WAY** is 100% biodegradable and contains no petroleum based or chlorinated solvents.

DIRECTIONS

Shake well.

DRAINS: Pour 3-4 ounces into each drain and let stand, there is no need to rinse. **NATURAL WAY** is non-caustic. Safe on all types of plumbing systems.

GREASE TRAPS: Add 5 ounces daily for traps up to 2 cu.ft. For larger traps use 5-10 ounces daily.

DEODORIZING: Spray source of odor or directly into air.

HEAVY DUTY DEGREASING, TAR, ASPHALT and ADHESIVE REMOVAL: Spray or sponge onto surface to be cleaned. Allow to work for 5-10 minutes. Rinse well.

GENERAL CLEANING, FLOORS, WALLS, BATHROOMS, KITCHENS: Dilute 2-4 ounces of **NATURAL WAY** in a gallon of warm water. Apply generously with mop, sponge or cloth. Allow to work for 2-4 minutes before rinsing with clean water. Adjust dilution ratios according to the task at hand. Not recommended for resilient or synthetic floors.
