

ODOR ABSORBENT BAG

Odor Neutralizer Bag

ODOR ABSORBENT BAG uses natural minerals in a proprietary process to attract and remove all types of odor including smoke odor. **ODOR ABSORBENT BAG** is ideal for removing dead rodent Odor and works even if the dead carcass is not removed. **ODOR ABSORBENT BAG** is non-flammable, non-toxic, safe around children, pets and mother earth. It is easy to use, lasts an average of 3 - 4 months and contains no chemicals, toxins or fragrances. **ODOR ABSORBENT BAG** doesn't mask odors, it removes them. It can take from one hour to several days to work, but it is very effective since it removes odors versus masking them. It is simple to use and cost effective.

DIRECTIONS

Remove clear shrink-wrap from the bag. Hang **ODOR ABSORBENT BAG** in the area where odor is the strongest. For best performance, limit coverage of one **ODOR ABSORBENT BAG** to a single room up to 100 square feet. Odors usually are absorbed within 1 to 24 hours. More bags equal better and faster results.

Eliminate Dead Animal & Related Urine/Feces Odors. To remove odor from dead animal carcasses and remaining urine/feces odors, take the following steps. Note: It is not necessary to remove dead carcass to remove the odor. 1) Place the **ODOR ABSORBENT BAG** in the room if animal (e.g., dead rodent, cat, etc.) is in the wall. Place 1 bag every 100 sq. feet. 2) If dead animal is in attic or crawl space, place one bag in that area as well. 3) **ODOR ABSORBENT BAG** will outlast Odor from carcass and handle any urine or feces odors that may exist from any previously infested areas.

How To Eliminate Dumpster Room Odors. Hang two bags for every dumpster in dumpsters room.
