

P.G.C.

Glass And Plastic
Protective Coating

 **OMEGA**
INDUSTRIAL SUPPLY, INC.

P.G.C. is a clear, anti-static, anti-fog coating that has been tested and is safe to use on Plastic, Plexiglas®, Acrylic, Lexan®, Polycarbonate, Chrome, Formica®, Fiberglass, Marble, Stainless Steel, and Glass. **P.G.C.** improves visual clarity and will not streak or haze. Fills in minute scratches to help eliminate glare. Will not cause stress crazing or clouding. **P.G.C.** repels dust, dirt, chemicals, salt, finger smudges and scratches. **P.G.C.** reduces wear and scratching. Non-abrasive, contains no wax.

DIRECTIONS

SHAKE WELL BEFORE USING.

P.G.C. offers a unique 360° valve which allows spraying in upright or inverted position. Surface needs to be clean before using. Shake well. Spray from a distance of 6 to 8 inches. Wipe with a lint-free wiper, then polish and buff. Extra coats will give extra protection. **Not recommended for automotive windshields (interior or exterior).**

NOTE: protect floors from over-spray to prevent slippery conditions.
